Proposed Internal Grant	8,700,000,000.00
Proposed External Grant	3,000,000,000.00
PROPOSED LOANS/BONDS	61,500,000,000.00
Proposed Internal Loans	60,000,000,000.00
Proposed External Loans	1,500,000,000.00
SUB-TOTAL OTHER REVENUES	98,656,721,153.33
GRAND TOTAL	483,173,307,096.00

This printed impression has been carefully compared by me with the Rivers State Appropriation Bill, (HA.12) 2021, which has been passed by the Rivers State House of Assembly and found by me to be a true and correctly printed copy of the said Bill.

RT. HON, IKÜINYI-OWAJI IBANI DSSRS SPEAKER

RIVERS STATE HOUSE OF ASSEMBLY

STANFORD I. OBA CLERK

RIVERS STATE HOUSE OF ASSEMBLY

Governor Nyesom Ezenwo Wike 2022 Budget Speech Presented to the Rivers State House of Assembly, 3rd December 2021

Protocols

Let me begin by giving thanks to the Almighty God for this wonderful opportunity to serve our State and our people at this period of its history; for the completion of the current fiscal year and the development projects we have delivered and for the continuing progress of our State under our watch.

- 2. Mr. Speaker, we wish to also thank you and the entire members of the Rivers State House of Assembly for the cooperation and support the house has continued to give to the executive arm of government, and especially for the outgoing fiscal year.
- 3. Together, we have weathered the political storms and fought the social and economic battles for the development of our State with steely determination and triumphed over our detractors and challenges in many respects.
- 4. We also extend our appreciation to the good people of Rivers State who gave us the opportunity to serve them in the first place and for their

cooperation, understanding, and prayers for the past six and a half years of our government.

- 5. We are truly humbled by the overwhelming support and solidarity that we have received up to this moment and your continuous confidence in our resolve to develop our State and improve the living conditions of everyone.
- 6. But beyond this, we are still conscious of your yearnings and demand on us to accomplish our vision for a new and better Rivers State. I can assure that our resolve to deliver more to meet your aspirations remains unmatched and we will continue to do our best for the State to the very last day of our administration.
- 7. Six and a half years ago, we took over the mantle of leadership from the All Progressives Congress (APC) led government, following our victory at the 2015 general elections and the affirmation of that victory by the Supreme Court.
- 8. In the same year 2015, the Federal Government changed hands from our party, the Peoples Democratic Party to the horridly formed and visionless APC and Nigeria has been worse for this avoidable mistake.

- 9. Since they took over the Federal Government, our economy has progressively declined to the worst conditions ever and the last six years have been most challenging years for our country since the civil war.
- 10. Under their watch, we experienced two economic recessions in quick successions with devastating economic consequences on the States and the living standards of the people, especially, ordinary Nigerians and the teeming unemployed population.
- 11. While the negative impact of the COVID-19 on the global and national economy also contributed to the nation's economic woes, our situation was made worse by the failure of the Federal Government to nib the security challenge they copiously promised to terminate, which has now escalated multi-dimensionally to virtually all regions of the country.
- 12. They promised to tackle the insurgency; pervasive corruption and fix the economy and failed woefully in all three promises to the indignation of Nigerians. I am sure this mistake will not be repeated by Nigerians in 2023.
- 13. As a sub-national entity, Rivers State was severely affected by these externally-induced economic challenges as both federally distributed and internally-generated revenues declined quite significantly.

- 14. But from day one, we took our economic and development destinies in our own hands by taking appropriate steps to reengineer and limit the shocks from wrecking our domestic economy beyond immediate remediation and regeneration.
- 15. We have succeeded quite significantly in this endeavor and now, our economy, relative to most other States, has been doing very well by posting real tangible growth figures in excess of 5 per cent year-in-year-out, especially for the last two years.
- 16. Indeed, our level of economic growth and fiscal stability is not just widely acknowledged both locally and internationally; we have repeatedly been adjudged by independent oversight agencies as the most fiscally disciplined and viable State in Nigeria with an enduring capacity to fund our capital and recurrent expenditures without damaging deficits.
- 17. Along the process, we have also done a lot to deliver on our mandate to the State and our people on a range of government policies, programmes and projects in quantum, quality and impact.
- 18. Propelled by a sense of urgency, we are achieving some kind of a revolution in the provision of physical infrastructure, especially roads,

bridges and flyovers, which continued to advance in leaps and bounds every other year.

- 19. We have also delivered significantly on education, healthcare, the administration of justice, security and rural transformation such that there's never before been a profound sense of optimism in the greatness of this beloved State of ours as now.
- 20. Mr. Speaker; Honourable Members, development is a continuous process and we are here once again, to assess the progress we made in the outgoing fiscal year, define our vision for the next 12 months, reaffirm our commitment to achieve more developments for our State, and improve the quality of the lives of our people with our 2022 budgetary proposals, which we shall shortly place before you for your kind consideration and approval.

Review of 2021 Budget Performance

21. Mr. Speaker, Honourable members, in 2021 the approved total budget size of the State was four hundred and forty-eight billion, six hundred and sixty million, seven hundred and seventy-three thousand, four hundred and seventy-six naira (**448,660,773,476.00) only.

- 22. Out of this amount, approved recurrent expenditure was one hundred and eighty billion, seven hundred and fifty-nine million, eight hundred and thirty-two thousand naira and fifty kobo (₱180,759,262,832.52) only; while capital expenditure was two hundred and sixty-seven billion, nine hundred and one million, two hundred and eighty-four thousand and sixty-one naira, (₱267,901,510,643.48) only.
- As at end of October 2021, total net revenue receipts was three hundred and ninety-one billion, three hundred and twenty-five million, two hundred and seventy thousand, two hundred and six naira (\mathbb{N}391,325,270,206.00).), only which represents over 87 percent overall performance on the revenue side.
- 24. Relatively, all revenue items, including Statutory Allocation, Oil Mineral Fund, Value Added Tax, Refunds, Excess Crude, Exchange Gain and Forex Equalization from the Federal Accounts Allocation Committee (FAAC) as well and Internally Generated Revenues (IGR) recorded much improved performance in 2021 as against fiscal year 2020.
- 25. If you noticed, the increase in IGR was quite impressive with over 50 billion naira above that of 2021. This is contrary to the wrongful statements by the National Bureau of Statistics that the State is posting declining IGR receipts. I hope they would endeavor to get their facts and

statistics right before making public statements on the state and performance of our economy.

Implementation of the 2021 Budget

- 26. Mr. Speaker, as elaborated in our budget statement, we committed ourselves to utilizing the 2020 budget to deliver on economic progress, agriculture, physical infrastructure, including roads and bridges, healthcare, education and public security, among others.
- 27. In 2021, we promised to complete the Rivers Cassava processing plant to stimulate greater investments in cassava cultivation and we did just that. The multi-billion-naira plant was completed and commissioned.
- 28. In 2021, we committed to refurbishing as many primary and basic education schools across the State. We did; as several of our basic education schools have been refurbished and equipped by the Rivers State Universal Basic Education Board.
- 29. In 2021, we promised to continue with the reconstruction of several secondary schools, which is also a promise kept. Government Secondary School, Ogu, Community Secondary School Obeakpu and Community Secondary School Eteo have since been completed, furnished and commissioned, while Oba-ama High School, Bakana, and Community

Secondary Schools, Omuanwa and Tombia will be commissioned in January 2022.

- 30. Reconstruction work have reached advanced stages of completion on all other secondary schools, including Western Ahoada County High School, Community Secondary School, Kugbo, Kalabari National College, Buguma, Bonny National Grammar School, Bonny, Government Secondary School, Abua, Government Comprehensive Secondary School, Borikiri, Enitona High School, Port Harcourt, Vocational Craft Centre, Abonnema, and Marrywood Girls High School, Buguma.
- 31. It is also to our credit that in 2021 we completed and commissioned the male hostel facility of the hybrid Real Madrid Academy, and also started the construction of the female hostel block, which is also completed and ready for commissioning.
- 32. In 2021, we also fulfilled our promise to decentralize the Rivers State University with the establishment of three new campuses at Ahoada East, Emohua and Etche Local Government Areas. Construction work is progressing simultaneously in all the three campuses with the release of over nine billion naira to the school's management.

- 33. In 2021, we further accomplished our promise to start the construction of additional faculty buildings for the College of Medical Sciences and construction work on these projects are going on at the various sites with the release of seven billion naira.
- 34. In 2021, we successfully established the Rivers State University Teaching Hospital, upgraded its facilities to international standards, and ensured its accreditation for the practical teaching and research of the students of the University's Medical College and affiliate institutes.
- 35. In 2021, we committed to completing the Mother and Child hospital and ensured this was accomplished. We also took the five zonal referral hospitals at Ahoada, Bori, Degema, Okehi, and Omoku to finishing levels.
- 36. In 2021, we initiated the 26-billion-naira Dr. Peter Odili Cancer and Cardiovascular diseases diagnostic and treatment Centre with 70 per cent down payment to Julius Berger Limited. As we speak, work is progressing very well on the construction of this highly specialized and sophisticated hospital.
- 37. In 2021, we also continued with our revolution on the delivery of physical infrastructure, including roads, bridges, flyovers, urban renewal

and rural development at a pace, scope and quality never before experienced in the State's history.

- 38. We have since delivered Okoro-Nu-Odo, Rebisi, and Rumuogba flyovers; completed Rumuola and GRA flyovers to be commissioned next week, taking Oroworokwo, Abali, Ikokwu, and Remuepirokom flyovers to over 80 per cent completion levels, while work would soon start at Elimgbu Rumuokurushe flyover.
- 39. We committed to the infrastructural renewal and restoration of the entire old GRA, Amadi Flats and substantial parts of the new Government Reservation Areas of Port Harcourt. We have also achieved this promise by reconstructing over 30 streets and roads with street lights, pedestrian walkways and concrete-covered drains in these high profile residential and mixed residential and commercial areas in Obio/Akpor and Port Harcourt Local Government Areas.
- 40. We dualized Olumeni Street, Forces Avenue, Tombia road, and Birabi road and also started the dualization of Ezimgbu to Ken Saro-Wiwa road, Tombia extension to Ikwerre road, Ogbunuabali road, and Eastern bypass road where the headquarters of the Niger Delta Development Commission is located.

- 41. Outside the State Capital, we delivered Bori Sakpenwa road, Ogoni-Adoni-Opobo road, Rumuji-Ibaa-Obele-Osiokpo road; Mbiama Okarki road; Oyigbo Obete road; Odufo Akpoku Umuoye road; and Oragbule Adiele road, among others; continued with the construction of Egbema Omoku road, Akpabu Omudioga Egbeda road; Rumuodogo 1 & 2 road; Omoku-Aligwu-Kreigani-Oduoboburu road; Okomoko Okehi Okpokpo road; Mgbuosimini Nkpor Mgbuodohia road; the Ogu–Ekporo-Kporgor-Wakama link road as well as started the phase one of the Trans-Kalabari road and phase 1 of the Ahoada Omoku road.
- 42. We completed and delivered internal roads to more communities, including Bolo, Isiokpo, and Odiokwu and also started those for Okochiri, Phase 2 and Omerelu communities in furtherance of our blueprint on rural development.
- 43. We furthered delivered on the land reclamation and sand-filling projects at Abalama and Ogbunabali, while those for Abonnema/Obonnoma, Okrika, and Kula communities received appreciable funding in 2021.
- 44. Finally, we also delivered residential quarters for the Judges of the National Industrial Court and also continued with the completion of the

long-abandoned former RivBank Insurance building in Port Harcourt, which is ready for commissioning.

- 45. The records also show that the recurrent budget for 2021 was fully implemented as workers and salaries and wages are paid when due and Ministries, Departments and Agencies have been receiving their overheads up to date.
- 46. In all, the implementation of the 2021 budget is very impressive with over eighty percent performance. Of course, we may not have accomplished all that we set out to achieve; but no fair-minded person would deny the monumental achievements we recorded in virtually all sectors that we focused on and we can all say with confidence that the progress of Rivers State under our watch is real, tremendous, far-reaching and clearly verifiable.

•

47. We are therefore going into 2022 on the back of our 2021 impressive performance record of the several commitments that we in the process of fulfilling.

The Economic Outlook for Rivers State for 2022

48. Mr. Speaker, Honourable Members, Nigeria's economy is still very weak and recovery is still very slow. Although the price of crude oil,

which is the main stay of the national economy has experienced some rebounds, the indication is that it will stabilize at a relatively lower level for a prolonged period of time.

- 49. It is important to also bear in mind that the global economic crisis caused by the COVID-19 pandemic is also not over. As a matter of fact, while global economic recovery has been slow the recent discovery of new variants of the corona virus is casting a rather gloomy shadow on further economic growth.
- 50. The economic outcome of these challenges can therefore be bad news for an oil-dependent economy such as ours, which is also inextricably dependent on the performance of the national economy.
- 51. But there is some good news to our own economic situation.
- 52. Within Nigeria, our economy is not only stronger than 90 percent of the other States; it has continued to perform better than most others in terms of real economic growth, fiscal consolidation, debt-to-Gross Domestic Product ratio and Internal Revenue Generation.
- 53. The favourable assessments of the state of our economic and fiscal discipline by rating agencies has further boosted confidence in the health

of our economy, which would translate into substantial private sector investments and economic growth.

- 54. We are therefore hopeful, although cautiously, the economy of Rivers State would remain on a positive trajectory throughout the 2022 fiscal year, provided there are no further failures and headwinds from the challenges with the national economy, and with crude oil prices remaining progressively stable around 80 dollars per barrel and the exchange rate also remaining reasonably stable.
- 55. On our part we would continue to manage the economy in the most responsible manner, increase public sector spending to stimulate growth, take appropriate measures to generate more revenue from within on the back of good governance and effective leadership.

Fiscal Measures

- 56. In 2021, we introduced a number of fiscal measures to stimulate economic growth and development. We also introduced a number of tax reforms as part of our fiscal consolidation programme.
- 57. Specifically, we have successively managed a balanced budget and kept a very low or insignificant public debt profile. We have also kept overhead expenditure at a reasonably steady ceiling except for wages,

salaries, and pensions which recently increased due to the new national minimum wage that was imposed on the States by the Federal Government without any consequential adjustments on the subsisting inequitable revenue sharing and allocation formula.

- 58. In addition to bringing more persons into the tax net, we also strengthened the capacity of the Rivers State Internal Revenue Service in the areas of tax audit, collection, which resulted in measurable improvements in our internally generated revenue for fiscal year 2021 even without introducing new taxes.
- 59. For instance, internally generated revenue for 2021 is currently 15 percent more than that of 2020.
- 60. Although we also experienced some increase in statutory allocation, it was obvious that our main impetus for sustainable economic growth is gradually emerging from the improvements we have recorded from internal revenue generation.
- 61. Six years ago, internally generated revenue constituted less that 10 percent of our total budget size.

- 62. Today, the story has changed for the better as we have achieved more than the 30 per cent mark we set for ourselves at the beginning of our administration, thereby reducing our over-reliance on statutory budgets to fund our development plans.
- 63. This also means that statutory allocation still forms the bulk of our development revenue, which boils down to the fact that we would continue to tie our rate development to statutory allocation, which as you all know is quite volatile. We therefore need to identify new economic areas and opportunities for further revenue generation for our State while continuing with our fiscal consolidation programme to boost economic growth and social development.
- 64. This is one of the reasons we went to court to assert our authority to impose, collect and retain value added tax in our State for our own development purpose. We are hopeful of victory in respect of this matter and reiterate our call on the Supreme Court to expedite the trial and lay it to rest without delay.
- 65. Meanwhile, in anticipation of our victory we are continuing with our plan to integrate the VAT into our mainstream tax operations and strengthen the capacity of the RSIRS to effectively administer this head of tax when the responsibility comes.

Policy Thrusts for the 2022 Budget

- 66. The 2022 budget will also continue to focus on our quest for greater economic growth and fiscal consolidation, enhancing jobs and wealth creation, building first-rate economic infrastructure, and achieving equity and social protection through poverty reduction and economic inclusiveness.
- 67. We will continue with our efforts to diversify the economy through agriculture, promotion of tourism, attract investments into the service sectors and encourage our youth to acquire relevant skills for the modern market, including ICT, innovation and entrepreneurship.
- 68. We will complete all ongoing infrastructural projects to enhance the competitiveness of our economy and ensure that Rivers State is safe, secure and a profitable place to visit, live, work, do business and raise our children.
- 69. The 2022 budget is also expected to further strengthen our health sector such that citizens are healthy with immediate access to affordable quality primary, secondary and tertiary healthcare services and support.
- 70. The 2022 budget will also continue to support our drive to make Rivers State a knowledge powerhouse with highly educated people and

skillful labour force to service both the domestic, national and international labour market.

- 71. Accordingly, the central theme for budget 2022 is **Budget of Consolidation.**
- 72. The theme encapsulates our resolve to consolidate on our achievements to further accelerate the development of the State in a sustainable manner and uplift the living standards of as many citizens as possible.

Funding the 2022 Budget

73. The budget will be funded from the following available and viable sources: Federation Accounts and Allocation Committee, 13% Oil Mineral Fund, internally generated revenue, value added taxes, Federal Government's bridging facility and refunds as well as commercial bank loans and grants from international development agencies.

The key Assumptions of the 2022 Budget

74. The 2022 budget is crafted within the framework of the State's Medium Term Expenditure Framework, the State's Economic Strategy Paper, the national economic outlook and the State's economic growth

projections coupled with the various development instruments and programmes.

- 75. Accordingly, the 2022 budget's key assumptions are:
 - Crude oil bench mark of USD 57 per barrel;
 - National crude oil production estimates of 1.8 million barrel per day;
 - Currency exchange rate of N410.15 to the Dollar;
 - Gross Domestic Product growth rate of between 2.30 per cent for the Medium Term; and
 - Inflation rate of 13.5 per cent.

The 2022 Total Budget Estimates

76. Mr. Speaker, and Honourable Members, we are proposing a total budget size of Four Hundred and Eighty-Three Billion, One Hundred and Seventy-Three Million, Three Hundred and Seven Thousand, Ninety-Six Naira (N483,173, 307,096.00) only, for fiscal year 2022.

The 2022 Recurrent Expenditure Estimates

77. We are proposing a Recurrent Expenditure of One Hundred and Forty-four billion, Seven Hundred and Sixty-four million, Eight Hundred and eighteen Thousand, Nine Hundred and Seventy-seven naira (₹144, 764,818,977.00), only, representing about 30 per cent of the total budget size for 2022 fiscal year.

78. The Sectorial Breakdown of the Recurrent Budget is as follows:

Salaries and wages	77,723,906,600.00
New recruitments	1,000,000,000.00
Overhead costs for MDAs	13,993,007,006.00
Grant, contribution and subsidies	6,590,000,000.00
Consolidated Revenue Fund Charges	391,050,772.00
Counterpart Fund Pension Scheme	2,000,000,000.00
Death benefits	1,017,898,456.00
Monthly pensions	15,000,000,000.00
Gratuities	2,056,193,114.00
Harmonization fund	200,000,000.00
Reimbursement	1,000,000.00
COT/Charges/General Administration	500,000,000.00
Domestic loans (Interest)	1,500,000,000.00
Foreign loans (Interest)	29,376,303.00
Domestic loans (Principal Repayment)	12,000,000,000.00
Foreign loans (Principal Repayment)	650,000,000.00
FAAC Deductions (Others)	10,112,386,726.00
Total Recurrent Expenditure	144,764,818,977.00

79. We believe we will meet all our recurrent expenditures, including

the regular payment of salaries and pensions as well as overheads for

MDAs to function effectively and deliver services to the people.

80. And we shall as much as possible endeavor to run the government

within the limits of this budget by avoiding whatever that could

necessitate an increase in recurrent expenditures. Otherwise, we run the

risk of deficit financing, through increased borrowing which would not be

to our interest at this time.

The Capital Expenditure Estimates

81. We have projected the sum of **Three Hundred and Fourteen**

Billion, Nine Hundred and Three Million, One Hundred and Eighty

Thousand, One Hundred and Sixteen Naira (₹314, 903,108,116.00) as

Capital Expenditure for fiscal year 2022.

82. This amount, which is 47 billion higher than that of 2021, represents

about 65 per cent of the total budget size and aligns with our practice of

prioritizing capital over recurrent expenditure, which policy we have

sustained over the years to achieve our development goals.

83. The 2022 capital expenditure is constituted as follows:

Administrative sector:

№106, 577, 011, 446.44

Economic sector; - **№126**, 379, 505, 279.74

Law and Justice: - №4, 701, 718, 793.00

Social sector - **№77**, 244, 872, 596.82

84. Although this is yet another ambitious projection given the challenges of the national economy, we believe we would be able to successfully implement the capital because it is backed by a concrete plan of action and within achievable limits.

85. If you noticed, over half of our capital budget is targeted at the economic and social sectors while the main items of scheduled capital spending in the 2022 budget are Agriculture, Roads, bridges, healthcare, education, social welfare, justice delivery, sports, youth and women empowerment and human security, which would invariably lead to generating real economic growth, job creation, poverty reduction and improvements in the living standards of citizens.

SECTORAL SUMMARY

Administration of Justice

86. The judiciary is our partner for the development of Rivers State. Our responsibility as the executive arm is to create and sustain the enabling conditions for the effective delivery of judicial services to the people.

- 87. In 2021 we continued to strengthen the State's judiciary with the needed resources to expedite the administration of both criminal and civil justice in the State. We also intervened in some the infrastructural needs of the National Industrial Court, including the construction of judges' residences.
- 88. In 2022, we will provide additional resources to improve the efficiency of judicial administration and public access to our legal system. The sum of №2,448,842,000.00 (which includes all allocations to the Judiciary such as the Judicial Service Commission, №118,273,350.00; Rivers State High Court, №1,087,045,250; Customary Court of Appeal, №443,523,600.00; Multi Door Court House Committee, №150,000,000; Administration of Criminal Justice Monitoring Council, №150,000,000.00 and Rivers State Family Court №500,000,000.00) has accordingly been earmarked to fund the State Judiciary's Action Plan for 2022, including the construction of the new Magistrate Court's Complex in Port Harcourt, the Rivers State Judicial Institute and the South-South Zonal Headquarters of the Federal Judicial Service Commission.

Agriculture

- 89. The development of agriculture is important for several reasons. It remains the largest factor for achieving food security, wealth creation and improved livelihood for citizens.
- 90. For us in Rivers State, farming and fishing are part and parcel of our identity and culture. Our people and communities lived of the land and the sea before the discovery of the oil and gas.
- 91. Even now, most of our parents still survive from farming and fishing, although at subsistent levels, thereby making little or no contribution to the State's economy.
- 92. Our farmers and fisher folks are aging, yet the young are not getting attracted to agriculture for lack of interest and knowledge of its potential.
- 93. Yes, we inherited some agricultural assets, including hundreds of hectares of uncultivated lands, abandoned livestock infrastructure, fish farms, banana plantations and the Shonghai initiative. But none was backed by reasonable policy, investment and sustainability frameworks. Little wonder, they all readily failed and palled to nothing as ill-conceived fanciful ideas and programmes.

- 94. Today, one of the lessons of the global Covid-19 pandemic is that we toy with the development of agriculture at our own economic peril.
- 95. Fortunately, our land is fertile. Our aquatic resources are enormous. And with the current economic reality, there is no reason we should continue to neglect the transformative potential of agriculture to diversity and grow our economy, ensure food security, create jobs and generate income and wealth to enhance our collective wellbeing.
- 96. We have therefore decided to make agriculture part of our engines for sustainable economic growth and development by support our people to move beyond subsistent levels of production.
- 97. However, our approach is to de-emphasize the direct participation of the State Government in agriculture and encourage the private to take the lead.
- 98. We will therefore reduce our stake in the Rivers Cassava company to less than 10 per cent so that private investors can come in and run the company to achieve the targeted social goals.

- 99. We will also conclude our plan to concession all Governmentowned agricultural lands and assets to viable private investors to acquire, revamp and develop.
- 100. Finally, we have provided the sum of №17,149,416,003.00 (which is made up of №16,937,632,000.00 allocated to the Ministry of Agriculture, №55,454,000.00 to Rivers State Agriculture Development Programme №55,454,000.00 to Rivers State School-to-Land-Authority and №100,876,003.00 to FADAMA) in the 2022 capital budget to revitalize, stimulate and grow the agricultural sector in the State.

Roads, Bridges and Flyovers

- 101. As a developing State, we need well-developed road infrastructure to stimulate rapid economic growth and sustainable development.
- 102. From inception, we have remained committed to the realization of this objective by providing good road networks to interlink all parts of the State.

- 103. Over the last six years, we have therefore focused on building more arterial roads, bridges and flyovers in the State, including rural roads, to enhance connectivity, access and traffic flow.
- 104. We have also carried major clean-ups and renewal of road infrastructure in our urban centres and adjoining neighbourhoods.
- 105. Indeed, what we have delivered for the State to rehabilitate, construct, reconstruct and upgrade road infrastructure is unprecedented and very transformative.
- 106. However, there is still so much to do, given the existing gap, expensive nature of our terrain and the phenomenal upsurge in the number of vehicles that now ply our roads.
- 107. Consequently, budget 2022 has allocated the sum of №90,363,766,788.00 to the Ministry of Works and №749,108,250 to the Rivers State Road Maintenance and Rehabilitation Agency totaling №91,112, 875, 038.00 in the capital expenditure for the road infrastructure sub-sector.
- 108. The money would be used to: (i) complete all on-going road, bridge and flyover projects throughout the State and (ii) ensure regular repairs

and maintenance of the existing roads to guarantee their continuing good condition and safety.

109. Specifically, we shall complete the following roads, flyovers and other projects in the 2022 fiscal year:

- The Abali flyover
- Rumukalagbor flyover
- Nkpolu flyover
- Rumuepirikom flyover and
- Elimgbu-Rumuokrushe flyover;
- The dualization of Ogbunuabali road
- The dualization of Eastern bypass road;
- The dualization of Egbema Omoku road;
- Trans-Kalabari road (phase one)
- The dualization of Ahoada Omoku road (phase one);
- The dualization of Bori-Kono road;
- The dualization of Chokocho Okehi Igbodo road;
- Ogu Ekporo Kpogor-Wakama link road;
- Akpabu Omudioga Egbeda road;
- Rumuodogo 1 & 2 roads;
- Omoku-Aligwu-Kreigani-Oduoboburu road;
- Mgbuosimini Nkpor Mgbuodohia roads;
- Okochiri internal roads, phase 2;

- Omerulu community internal roads;
- Nchia internal roads;
- Igwuruta community internal roads;
- Abonnema/Obonnoma Sandfilling and reclamation;
- Bakana sandfilling and reclamation;
- Okrika sandfilling and reclamation;
- The new Government jetty at Marine base, Port Harcourt;
- Chokocho Igbodo road;

Healthcare Delivery

- 110. Mr. Speaker, since 2015, we have prioritized healthcare delivery in our budgetary considerations and made significant advances in the provision of healthcare infrastructure.
- 111. We began by rehabilitating a number of general hospitals and primary healthcare centers across the State and later moved on to upgrade the Braithwaite Memorial Hospital to a teaching and research hospital.
- 112. We also established the College of Medical Sciences for the training of medical personnel, built the Mother and Child hospital and

reconstructed and equipped the Government house clinic with state of the art diagnostic facilities.

- 113. We have constructed the zonal referral hospitals to finishing levels and also advanced loans to private medical practitioners to upgrade their facilities to deliver by services to the people.
- 114. To consolidate and sustain our efforts at affordable access to quality healthcare delivery, we have allocated the sum of №27,490,370,683.00 (made up of all allocations to the health sub-sector namely Ministry of Health, №26,003,936,783; Primary Health Care Management Board, №603,390,120; Rivers State University Teaching Hospital, №315,030,000; Rivers State Hospitals Management Board, №211,072,480; Emergency Medical Services, №129,796,350; Free Medical Care Programme, №64,898,710; Rivers State College of Health Science and Technology №162,246,240) to the Ministry of Health to deliver on its mandate on quality healthcare services for citizens for the 2022 fiscal year. This sum is in addition to the substantial provisions on recurrent spending.
- 115. The sum provided would be spent on to complete all ongoing healthcare infrastructure projects, including the five zonal referral hospitals at Ahoada, Bori, Degema, Okehi, and Omoku; the Dr. Peter Odili Cancer and Cardiovascular diseases diagnostic and treatment center;

the reconstruction and equipping of the Kelsey Harrison Hospital and the Dental Maxillofacial hospital, Port Harcourt.

116. We have also earmarked the sum of **Nursing Complex** at Port Harcourt Construction of the School of Nursing Complex at Port Harcourt Township, which would function as the Nursing Department of the Rivers State University College of Medical Sciences to train nurses for the domestic, national and international healthcare systems.

117. In addition, we would ensure improved provision of materials and supplies, including pharmaceutical services as well as provide training to improve the capacity of our medical personnel to deliver better diagnostic, treatment and rehabilitation services in all our health facilities.

118. Finally, we would also continue to fight the spread of the Covid-19 pandemic by embarking on aggressive mass immunization and other mandatory measures.

Education Delivery

119. We remain committed to our commission to provide quality education at all levels of the State's education system.

- 120. This commitment is premised on our belief that quality education remains the most powerful weapon any society can use to eliminate ignorance and banish poverty and become prosperous through productivity.
- 121. This is why education has always received reasonable and responsible attention among the budgetary priorities in our yearly budgets.
- 122. As you may have all noticed, we achieved measurable milestones on the provision of quality education in the outgoing fiscal year 2021. Specifically, we rehabilitated and equipped hundreds of primary and basic education schools across the State.
- 123. We also reconstructed some secondary schools, while many others are also being reconstructed and upgraded to accommodate the expanding enrolments in our communities. We further improved access to tertiary as well as technical and vocational education in the State.
- 124. We acknowledge that some of the secondary schools under reconstruction have taken too long to complete. We also acknowledge that there are a lot more primary and secondary schools to rehabilitate and equip.

125. But what we can assure you is that all contractors who have abandoned their project sites after receiving substantial payments would be made to either return to complete these projects or refund monies they have pocketed.

126. While performance of our secondary school students in public examinations have improved tremendously reflecting the quality of teaching and learning; there is still the need to further enhance outcomes and performance in English Language, Science, Mathematics, engineering and technology related subjects in our basic education and senior secondary schools.

127. Moving forward, our plan is to consolidate and improve on our achievements in the Education sector in 2022. This is why we have allocated the sum of №33,820,187,030.00 (made up of the allocations to the Ministry of Education, №29,964,500,000; Universal Basic Education Board, №281,162,190; Agency for Adult and Non-Formal Education, №62,472,590; Rivers State Library Board, №43,730,710; Coordinator Functional Literacy Education Rural Scheme, №62,472,590; Rivers State Education Quality Assurance Agency, №62,472,590; Kenule Beeson Saro -Wiwa Polytechnic Bori, №156,180,960; Rivers State Senior Secondary Schools Board (HQ), №187,416,740; Rivers State Scholarship Board,

№2,500,000,000; Rivers State Readers Project, №31, 235,780; Rivers State University, №156,180,960; Ignatius Ajuru University of Education, №156,180,960; Captain Elechi Amadi Polytechnic, №156,180,960) up of as capital expenditure for the Ministry of Education to advance our objectives and achieve our action plan on quality education delivery.

128. We would deploy this budget to further improve infrastructure in our schools, ensure that our schools are adequately resourced with teaching materials and improve the quality of teaching for subject teachers and school leaders in our school system.

129. We shall complete and commission the three new campuses of the Rivers State University; the new faculty buildings for the Faculty of Basic Clinical Sciences; Faculty of Clinical Sciences and the Department of Pathology of the College of Medical Sciences, also of the Rivers State University.

- 130. In addition to the budgetary provisions to their credit, all the tertiary institutions would receive infrastructure development grants from the State Government.
- 131. We will also complete and handover the Nabo Graham-Douglas campus of the Nigerian Law School in Port Harcourt as well as the two

900-bed hostels and 1500 human capacity auditorium we are graciously providing for the Yenagoa campus of the Nigerian Law School to the Council of Legal Education in May 2022 as part of our contributions to national development.

Youth Empowerment

- 132. The future of Rivers State is in the hands of our youth. This is not just a fact; it is the reason we have continued to prioritize youth development in our policies and programmes.
- 133. As there is no better way to empower our youth than to expose them to quality education. This we are doing and more youth than before are graduating out of tertiary institutions.
- 134. Besides the opportunity for political and public service appointments, the litany of capital projects we are undertaking are providing both direct and indirect employment opportunities.
- 135. Furthermore, beyond the construction and other employments that naturally results from the growth of our economy, we will endeavor to fulfil our promise to recruit 5,000 youth into the Civil Service in 2022.

- 136. This is not to say that there are enough jobs in our economy for our youth as the statistics show that there are many more job-seekers than available job opportunities and the youth are the most frustrated under the prevailing economic hardship.
- 137. We therefore acknowledge the need to create better and sustainable economic opportunities for our youth to explore and exploit with their skills, talents and ideas and secure a productive, profitable and prosperous future for themselves and their families.
- 138. We have therefore programmed budget 2022 with several initiatives that frontally address the social and economic interest of the youth population, which includes the expansion of educational opportunities and targeted emphasis on vocational training and the acquisition of relevant skills sets to enhance their employability.
- 139. In addition, we have directed the Ministry of Youth Development to introduce special youth-focused programmes and initiatives to advance them towards the path to productivity, entrepreneurship, and self-reliance.
- 140. We have also mandated the Ministry of Employment Generation to initiate necessary platforms for job creation and provide ample financial and managerial capitals and mentorship for viable start-ups and youth run

businesses to achieve economic growth, employment and wealth for our youth.

141. The sum of №4,004,497,123.00 and №2,116,600,000.00 have been provided in the 2022 budget for the Ministries of Youth Development and its counterpart on Employment Generation and Empowerment (and its subsidiary, Coordinator Ableseaman and Motor Oilers) respectively to fund the various initiatives on youth-focused job creation and empowerment programmes.

142. We will expect our youth to seize the unfolding opportunities in the 2022 budget to lift up themselves and be part of the positive story for the economic transformation of Rivers State.

Women Empowerment

143. The saying is true; that to build a woman, is to be build a society. Women are the backbone of our families and we have so much pride in their hard work, productivity and commitment to the development of our State.

- 144. Over the years we have mainstreamed gender issues and empowerment through the activities of the Ministry of Women Affairs, while the Ministry of Social Welfare and Rehabilitation has been the vanguard for women rights and the protection of our women and children against gender-based violence.
- 145. The resolution of the structural and cultural issues affecting women development would continue to receive the Government of our government just as we also owe it as a duty to address and tackle the disproportionate impact of poverty and inequality on women in our society.
- 146. We have therefore repositioned the relevant ministries, including the Ministry of Women Affairs, and the Ministry of Social Welfare to focus and provide targeted strategic interventions to empower our women and enforce their rights to improved standards of living and dignity.
- 147. Budget 2022 has projected the sum of №3,450,612,850.00 for the Ministry of Women Affairs and №1,596,000,000.00 for the Ministry of Social Welfare and Rehabilitation to implement their programmes and projects on women development and empowerment.

Sports Development

- 148. In developing State like Rivers State with a youthful population, we cannot overstate the importance of sports development.
- 149. Sports is not just a productive outlet for youthful energy; it presents an enormous opportunity for education, talent development, employment and highly rewarding career paths.
- 150. Over the years, we have prioritized sports and enhance the development of sporting infrastructure. We are doing well in football and the exploits of our sports men and women in national and international meets have been a thing of pride to us.
- 151. Our flagship football talent development project is the Real Madrid Football Academy we have established in Port Harcourt. With this academy, we are hopeful that Rivers State would soon become the power house of football Excellency in the country. It is just a matter of time.
- 152. In 2022, we have proposed some further investments in sports development, including the total rehabilitation and re-grassing of the football field at the Adokiye Amiesemaka Stadium so that international football matches can return to Port Harcourt.

- 153. The Real Madrid Academy would also start full training and academic activities in 2022 with the completion of the admission process and provision of ancillary facilities.
- 154. For these and other sports development programmes budget 2022 allocates the sum of $\aleph 2,484,537,992.00$ to the Ministry of Sports as capital expenditure. (which includes allocations to the Ministry of Sports, $\aleph 2,293,481,042$; Rivers State Sports Council, $\aleph 63,685,650$; Rivers State Stadia Authority, $\aleph 63,685,650$; Rivers State Sports Institute, Isaka, $\aleph 63,685,650$).

Security of Citizens

- 155. Mr. Speaker, one of our primary obligations is to provide reasonable levels of security for our citizens and visitors to the State.
- 156. It is very important for the State's economic and social interest for all residents to feel safe and secure in their homes; in their work places and at leisure venues.
- 157. Relatively, Rivers State is one of the safest and secure States in our country. However, because the criminals in our midst are not willing to give up; we must also intensify our fight against these anti-social minority elements who are bent on a life of crime.

158. Over the years, we have supported the Rivers State command of the Nigerian Police and the Armed Forces with funds and logistics, including vehicles, armoured personnel carriers, gun boats, communication gazettes, and bullet proof vests to fight crime throughout the State.

159. In 2021, we revived and invested in the operationalization of the Rivers State Neighbourhood Security Corps to strengthen intelligence gathering and security in our communities.

160. While these efforts have resulted in much improved security situation in the State, we will not lower our guards but rather continue to do our best to curb crime and criminality and ensure that Rivers State remains safe, secure for citizens.

161. Budget 2022 has therefore put aside the sum of **₹26,476,649,732.00** for the effective funding of citizens security in the fiscal year.

Conclusion

162. Mr. Speaker, Honourable Members, Rivers State is ours to build and together, we are doing just that. Rivers State has made tremendous progress in the last six and half years under our watch. Our social and economic conditions are better than where they were in 2015.

- 163. Indeed, Rivers State is transforming and we have achieved a lot. Our development footprints are everywhere, visible, extensive and comprehensive. Even the blind can feel the touch while the deaf are shaken by the echoes. And in the comity of States, we are the envy of many.
- 164. But our mandate is still running and our job is not yet finished. There is still a lot to be done to take Rivers State one step closer to our glorious destination. And this is what budget 2022 has been designed to accomplish.
- 165. Like its predecessors, budget 2022 is an ambitious one, carefully crafted, directed and targeted at propelling our development efforts toward the finishing line.
- 166. Our development measures and people-centred; predicated on what is good for our State and for our people. They encapsulate our optimism and hope for a peaceful, secure and sustainably developed Rivers State.
- 167. We welcome the critics for as long as they remain constructive and manifest responsible intentions to contribute to the development of our State.

- 168. But the buck stops on our table. We would note and listen but never take instructions from anybody or institutions that do not mean well for our State and our people.
- 169. With faith in God, hard work and commitment to the common interest, we can accelerate our transformation for the benefit of all.
- 170. Thank you, and may God continue to bless our dear Rivers State as I lay the 2022 budgetary proposal for Rivers State before this Honourable House for your consideration and approval.
- 171. Thank you once again and God bless you all.
