# 1 Summary of Fiscal Performance

## 2 Summary of Performance

### 2.A Introduction

This Budget Performance Report for Anambra State is prepared quarterly and issued within four weeks from the end of each quarter.

This report includes the originally approved budget appropriation for the year 2023 against each organizational unit for each of the core economic classifications of expenditures (Personnel, Overheads, Capital, and Others); the actual expenditures for the quarter Q3, attributed to each organizational unit, as well as the cumulative expenditures for the year to date, and balances against each of the revenue and expenditure appropriations.

This Q3 report is assessed against the 2023 Original.

The core economic classifications refer to:

- Personnel – Economic Sub-Account Type 21
- Overheads - Economic Account Class 2202
- Capital - Economic Sub-Account Type 23
- Others - Economic Account Classes 2203-2209 as applicable

This Budget Performance Report is produced by the Account General's office, Ministry of Finance, and Ministry of Budget and Economic Planning and published on the Anambra State website.

### 2.B Revenue Performance

The State's total revenue comprises; Opening balance, Statutory Allocation, Value Added Tax Allocation, Derivation, Other statutory revenue, Internally Generated Revenue, and Capital Receipts; Loans are not viewed as revenue unless the state utilizes them to fund expenditure as and when needed.

The 2023 State Approved Budget shows that total approved revenue excluding loans is ₦155.9 Billion of which the opening balance is ₦43.1 Billion, Statutory Allocation ₦41.6bn, Value added tax allocation ₦35.5Billion, other statutory revenue ₦24.3Billion, Internally Generated Revenue (Independent Revenue) ₦48.0 Billion and Capital Receipt ₦6.4 Billion respectively.

The State Quarter Three Budget Performance showed that the Total Recurrent Revenue out-turn is ₦68.14 Billion, of which Government share of FAAC is ₦44.2 Billion while independent revenue is 23.9 billion, representing 93.3%, 90.1% and 100.0% respectively as against the estimated 75%. The above shows that the overall performance of the State Recurrent Revenue stood at 93.3% as against the expected 75%.

The increase in the independent revenue is attributed to the administration's continuous revenue drive and blocking of revenue leakages; above all, Ndi Anambra's willingness to pay their taxes due to the massive projects witnessed so far in this regime of Mr. Solution (Prof. Chukwuma Charles Soludo), the influx of investments in the wake of "THINK HOME PHILOSOPHY" of Mr. Governor and the citizens embrace of the new revenue collection policies introduced.

The overall percentage performance of the State's total revenue stood at 83.5% as against the projected 75%.

### 2.C Recurrent Expenditure Performance

The State Recurrent Expenditure comprises Personnel cost, Overhead cost, and other Recurrent expenditures.

A look at the State's 2023 approved Budget showed a total Budgeted recurrent expenditure of ₦95.5Billion of which Personnel cost is ₦36.8 Billion, Overhead cost is ₦27.4 Billion and other recurrent expenditure is ₦31.2 Billion respectively.

The State Quarter three Budget Performance Summary of ₦11.5 showed that Personnel cost is ₦7.0 Billion, Overhead cost ₦2.9 Billion, and other recurrent expenditure is ₦1.5 Billion with overall performance of Personnel cost ₦21.8billion, Overhead cost ₦5.4billion and other recurrent expenditure ₦5.0billion representing 61.2%, 22.8% and 14.0% respectively.

The total of the State Recurrent expenditure as at the end of Quarter three stood at ₦32.4Billion representing 33.8%. This moderate performance in Recurrent Expenditure is a result of the new administration's promise and effort to reduce the cost of governance by reducing the number of political appointees, eliminating ghost workers, minimizing foreign training, and also coming up with a better and more realistic Budget to align with its programs.

### 2.D Capital Expenditure Performance

The State Government 2023 approved Budget showed a total provision of about ₦164.5Billion for Capital expenditure while the Quarter three Budget Summary showed an actual expenditure of ₦20.5Billion representing 25.9% as against the estimated 75% of the total approved budget for 2023 as at the end of Quarter three.

This low performance is consistent with quarters one and two as projects are ongoing and payments for the activities awaited and pending conclusion. The performance is expected to increase in the fourth quarter as projects and programs are being initiated, executed, and awaiting payments/reimbursements. Road construction activities which account for about 50% of the capital budget are still ongoing, Solar light installations, capacity building, Housing, and a whole lot.

## 2.E Conclusions

Conclusively, it's quite evident that notwithstanding the challenges, the State is making some progress in its revenue drive, closing all revenue leakages and ensuring every money accruing to the state is received into the State's treasury ministries Department and Agencies (MDAs) are getting grassroots consultations to bring up projects that will be beneficial to Ndi Anambra. We expect the Budget Implementation process to keep improving as the Government is embarking on a total transformation of the State infrastructure. This transformation includes the construction of new roads, bridges, and other critical infrastructure projects. Additionally, the government is actively seeking partnerships with private investors to further boost the state's revenue generation capabilities and accelerate development initiatives.

Total Cumulative Statutory Revenue allocation is #91.3 Billion and is made up of statutory revenue #25.0 billion, and 13% oil derivation #6.4 billion. Several IGR items performed particularly well because the new administration made a tremendous effort in recovery as staff were tasked to ensure recovery hence the improvement.

Also, the State has not yet drawn down against 14030101 DOMESTIC LOANS/ BORROWINGS FROM FINANCIAL INSTITUTIONS as they will deal when the need arises before the end of the fourth quarter. The Employees' Compensation fund code was used to represent the Subsidy removal Palliatives by the State Government.

There were no actual expenditures against the 100s of hospitals and schools as most of its expenditures are catered for under the Parent Ministries (Ministry of Health and Education) and other budgets. Furthermore, some MDAs have overspent their budget provisions on personnel and overhead due ad hoc staff of commissions, agencies, and parastatals who were previously not captured. These anomalies will be corrected, and re-occurrences avoided in the Q4 report.
