1 Summary of Performance

1.A Introduction

This Budget Performance Report for Delta State is prepared quarterly, and issued within 4 weeks from the end of each quarter.

This report includes, the original approved budget appropriation for the year 2023 against each organizational unit for each of the core economic classification of expenditures (Personnel, Overheads, Capital, and Others); the actual expenditures for the quarter Q2, attributed to each organizational unit, as well as the cumulative expenditures for year to date, and balances against each of the revenue and expenditure appropriations.

This Q2 report is assessed against the 2023 Original budget.

The core economic classifications refer to:

- Personnel – Economic Sub-Account Type 21
- Overheads - Economic Account Class 22
- Capital - Economic Sub-Account Type 23
- Others - Economic Account Classes 2203-2209 as applicable

This Budget Performance Report is produced by the Office of the Accountant General, and published on the Delta State website (www.deltastate.gov.ng).

1.B Revenue Performance

The Revenue Performance for the second quarter year-to date 2023 was

73.2% of the Budgeted Revenue for both Government share of Federation Account, that is, Statutory Allocation, Mineral Revenue (i.e. Oil and Gas Revenue) and the State Independent Revenue (i.e., Internally Generated Revenue (IGR)). The individual Revenue Performance, Government share of Federation Account was 74.3% year-to date while Independent Revenue had a 68.7% performance. There are some IGR codes that were not budgeted for but revenues were collected during the second quarter of the year. It is expected that IGR codes not budgeted for will be accommodated under the window of budgetary realignment at any period for that purpose before year end. In relation to FAAC Revenue, it was projected during the year that oil production and prices will maintain a steady growth, however, the Russia and Ukraine war has marginally increased the market price of crude oil to an average of \$80 dollar par barrel. This has enhanced the revenue from the oil sector and the refund of 13% Derivation and Subsidies to the State has ultimately resulted to the performance of actual FAAC being more than the budgeted in the second quarter of the year. The continued peace in the Niger-Delta and the contracting of the pipeline security surveillance to private security companies will play a major role in the steady flow and production of crude oil in the State. Government renewed policies of

removal of subsidies in major petroleum products and harmonization of Central Bank exchange rate with the Import & export (I & E) window will help spur increase in economic activities which will in turn increase FAAC revenue accruing to States. The State Government has continued to increase its Investments in the Gas sector during the previous quarter by acquiring additional 3% stake in UTME Floating Gas Refinery making it a total of 8%, this is expected to boost the state revenue from the gas sector. In relation to internally generated revenue (IGR), the State has continued to be aggressive in its IGR tax drive by using various task forces and has continued to expand its tax base of the informal sector and also the enumeration of buildings connected to the national grid in major cities when put on stream will help to increase the IGR in the upcoming quarters. The increased incentive and ease of doing business initiative from the State Government will help to attract foreign direct Investment (FDI) and the fast completion of Kwale Agro-Industrial Park will spur the increase in the State IGR through increase in PAYE and other direct and indirect tax collections.

1.C Recurrent Expenditure Performance

The overall Recurrent Expenditure had 87.8% Q2 year-to date performance as against the approved budget for year 2023. Overhead expenditure had 53.9% Budget Performance and this is as a result of increase in security activities (as the quarter was an election period) and massive renovation and maintenance works on infrastructures around major cities in the State. while Other Recurrent Expenditure (excluding 2201) which includes, Social Benefit, Social Contribution and Grants (including Local Government share of IGR) had 106.3% Performance Rate for second quarter year-to-date, 2023; other overhead which include Public Debt Charges and Principal Loan repayment performed at 171.1% the excess expenditure is as a result of additional Loan facilities acquired during the end of last fiscal year and the additional loan acquired during the first quarter. Social Benefit performed at 66.5% and social Contribution performed at 108.7% respectively. Personnel cost has a performance rate of 64.6%.

1.D Capital Expenditure Performance

Capital Expenditure budget performance for second quarter year to date stood at 58.0% of the annual capital budget. This shows above average performance of capital expenditure activities for second quarter 2023.

1.E Conclusions

The overall second quarter budget performance execution report is impressive. His Excellency the Governor; has continued to assure Deltans of even distribution of the dividend of democracy especially infrastructural development and to ensure he delivers on the 2023 budget titled: ***Budget of seamless and stable transition*** as passed by the House and assented by him, banking on the continuous peace presently enjoyed by Deltans especially in the oil producing communities of the State and the increase in the tax bases of the independent revenue sources of the State as well as increase in the Investment activities of the State, this will ensure that these promises are kept. The expenditure classes that have been overspent will be realigned/supplemented at the window for it.
