## 2.D. Conclusion

The total approved revised revenue budget for the 2024 fiscal year stood at N406,321,130,013.00, out of which the total sum of N406,552,982,520.98 was realized, including the opening balance, representing 100.1% performance as of December 31st, 2024. However, the total actual revenue (Government share of FAAC, Internally Generated Revenue, Aid and Grants and Capital Development Fund Receipts) performance without the Opening Balance stood at N389,285,161,748.98 representing 95.8% (See table 1 & 2).

On the other hand, the Approved total revised expenditure for the 2024 fiscal year is N406,321,130,013, Of this, the total sum of N324,799,743,933.84 was expended, representing 79.9% performance as of December 31st, 2024.

The Budget performance for the fourth quarter ended, 31st December 2024 is 79.90%. This performance is impressive, given the prevailing harsh economic environment occasioned by nationwide security issues, Dollar Exchange rate instability and the subsidy removal crisis.

The performance is assessed against the revised 2024 budget, as a supplementary budget was passed in June 2024. The supplementary budget becomes necessary given the huge increase in revenue accrued to the State as a result of Subsidy removal on fuel by the Federal Government and the zeal to provide more infrastructure that has a direct impact on the citizenry as the dividend of democracy.

The large closing balance in the report is a result of huge releases made to the MDAs in the last quarter which are not fully disbursed to the contractors and will be judiciously utilized in the preceding year.
