# 1 Summary of Performance

## 1.A Introduction

This Budget Performance Report for Lagos State is prepared quarterly and issued within 4 weeks from the end of each quarter.

This report includes the original approved budget appropriation for the year 2023 against each organizational unit for each of the core economic classification of expenditures (Personnel, Overheads, Capital, and Others); the actual expenditures for the quarter Q1, attributed to each organizational unit, as well as the cumulative expenditures for year to date, and balances against each of the revenue and expenditure appropriations.

This Q1 report is assessed against the Year 2023 Original Budget.

The core economic classifications refer to:

- Personnel – Economic Sub-Account Type 21
- Overheads - Economic Account Class 2202
- Capital - Economic Sub-Account Type 23 / 32
- Others - Economic Account Classes 2203-2209 as applicable

This Budget Performance Report is produced by the Ministry of Economic Planning and Budget in conjunction with the Office of the Accountant General/State Treasury Office and published on the State's website.

**Please note that this provisional report is produced pursuant to meeting the SFTAS/SABER reporting deadline of 4 weeks ending 28<sup>th</sup> April 2023 for the 1<sup>st</sup> Quarter Ended 31<sup>st</sup> March 2023.**

## 1.B Revenue Performance

1<sup>st</sup> Quarter Cumulative Revenue Performance for the Period ended 31<sup>st</sup> March 2023 was 19.2% (net of opening balance) of the total annual revenue estimate of N1,285bn and 76.9% of the estimated quarterly projection of N321.32b, representing 25% of the annual revenue projection of N1,285bn. The 5.8% reduction in expected annual performance is attributable to the slow-start in socio-economic activities within the State, coupled with the deliberated conservative posture of markets in reaction to the charged political environment.

The State prides itself at pushing its independent revenue as a percentage of the total revenue by over 70% i.e closing at 72.8%, while its FAAC receipt remained below the projected 30%

It is anticipated that with the reforms being put in place by the administration, coupled with the stability engendered by continuity of the government at the last elections, the State will be able to ramp up its efforts to deliver value and extract more self-liquidating revenue.

## 1.C Recurrent Expenditure Performance

1<sup>st</sup> Quarter Recurrent Expenditure (Debt & Non-Debt) Performance for the Period ended 31<sup>st</sup> March 2023 closed N113.01bn representing 60.4% of the projected estimate of N187bn for the 1<sup>st</sup> Quarter 2023.

Recurrent Debt Estimate for the year 2023 was N88.8bn (N22.2bn Quarterly), while Annual Non-Debt Recurrent Expenditure comprises of Personnel Cost of N227.6bn (N56.9bn Quarterly), which performed at N46.2bn representing 81%; and Overhead Expenditure of N431.7bn (N107.9bn Quarterly), which closed at N49.3bn representing 46% respectively.

The above performances of the recurrent expenditures across headlines are reflective of the Public Financial Management Reforms of the State and are attributable to the tight expenditure controls that are put in place to reduce leakages and optimize procurements of consumables through the deepening of the State's procurement process.

This is further supported by the provision of required dependencies to MDAs responsible for expenditure management and controls pursuant to effectively delivering of their core mandates.

## 1.D Capital Expenditure Performance

The 1<sup>st</sup> Quarter Total Capital Expenditure Performance for the Period ended 31<sup>st</sup> March 2023 closed at N191.7bn representing 75.01% of the quarterly estimate of N254.9bn and 18.8% of the annual cumulative estimate of N1,019.9bn.

This performance is reflective of the socio-political environment (Year 2023 General Elections), which slowed down infrastructure related economic activities during the period. Furthermore, the State's tight expenditure management and payment controls to ensure the derivation of value for money are equally accountable for the performance.

We expect a marked improvement in Capital Expenditure Performance from the last month of the 2<sup>nd</sup> quarter 2023 as soon as the next administration is sworn in and governance takes the front seat.

To support the performance, the Administration is poised to sustain its Revenue Generation drive, attract more private participation and official development assistances pursuant to closing its infrastructure deficit.

## 1.E Conclusions

**Please note that the production of this report is pursuant to meeting the SFTAS reporting deadline of 28<sup>th</sup> April 2023 for the 1<sup>st</sup> Quarter Ended 31<sup>st</sup> March 2023.**
