1 Summary of Performance

1.A Introduction

This Budget Performance Report for Lagos State is prepared quarterly and issued within 4 weeks from the end of each quarter.

This report includes the original approved budget appropriation for the Y2024 against each organizational unit for each of the core economic classification of expenditures (Personnel, Overheads, Capital, and Others); the actual expenditures for the quarter Q2, attributed to each organizational unit, as well as the cumulative expenditures for year to date, and balances against each of the revenue and expenditure appropriations.

This Q2 report is assessed against the Y2024 Original budget.

The core economic classifications refer to:

- Personnel – Economic Sub-Account Type 21
- Overheads - Economic Account Class 2202
- Capital - Economic Sub-Account Type 23
- Others - Economic Account Classes 2203-2209 as applicable

This Budget Performance Report is produced by the Ministry of Planning and Budget in conjunction with the State Treasury Office and published on the Lagos State website.

1.B Revenue Performance

The 2nd Quarter overall cumulative recurrent revenue (i.e Total Revenue net opening balance and capital receipt) Performance for the Period ended 31st June 2024 was 53.4% of the Recurrent Revenue estimate of N1,761bn. But 106.8% of the estimated second quarter projection of N880.6bn.

The low Aids/Grants performance of 0.8% (N426.1m) and estimated performance of 1.56% reported on the Revenue line were largely due to the gestation period of intervention activities and workplan and the stringent procurement processes of the intervention partners. The cyclical trend of this line is indicative that Aids/Grants inflows perform better in the later part of the year.

1.C Recurrent Expenditure Performance

The Second Quarter Recurrent Expenditure (Debt & Non-Debt) Performance for the Period ended 31st June 2024, closed at N401.015bn (42.1%), representing 84.2% of the projected estimate of N476.215bn for the 2nd Quarter 2024.

Recurrent Debt performance was N50.36bn (55.2%), on an annual estimate of N91.073bn and 111% in Second quarter with the projected estimate of N45.537bn, while Non-Debt Recurrent Expenditure performed at N348.16bn (40.42%) and 81% (half-year) with projection of N430.679bn.

The Recurrent Non-Debt comprises of Personnel Cost with an annual estimate of N302.861bn (N75.712bn Quarterly), performed at N63.751bn in Q2 representing 84% and Overhead expenditure of N558.496bn (N279.248bn Quarterly), which closed at N225.022bn, representing 81%.

The above performances of the recurrent expenditures across headlines are reflective of the Public Financial Management Reforms of the State and the tight expenditure controls that are put in place to reduce leakages.

1.D Capital Expenditure Performance

In the second quarter of Y2024, the total capital expenditure performance was N452.33bn (34.4%) of the annual estimate and 69% of the projected estimate in Second half of Y2024.

This performance is reflective of the determination of the State Government to improve infrastructure and create conducive enabling environment for economic growth. Furthermore, the State's tight expenditure management and payment controls to ensure the derivation of value for money are equally accountable for the performance.

To support the performance, the Administration is poised to sustain its Revenue Generation drive, attract more private participation and official development assistances pursuant to closing its infrastructure deficit.

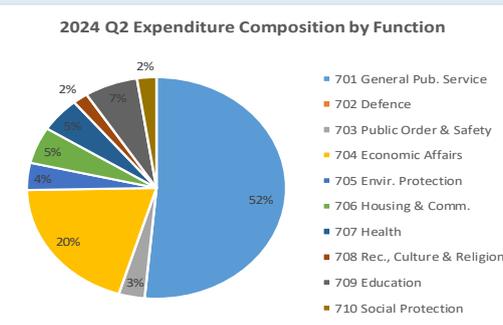

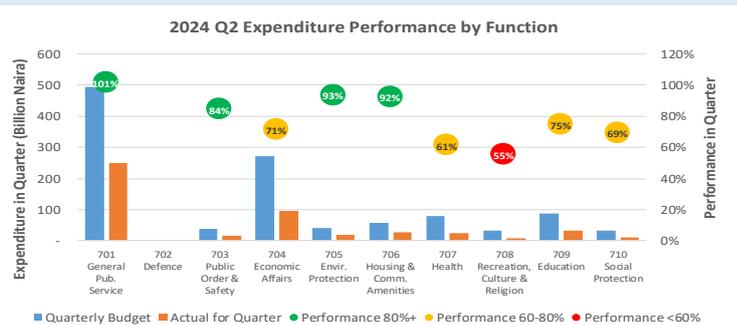

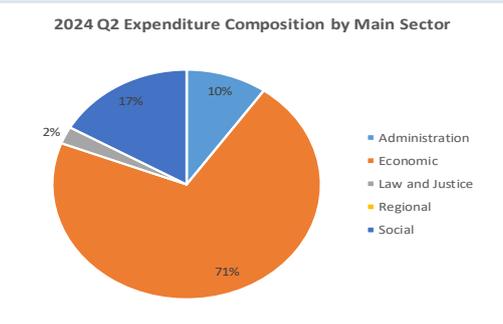

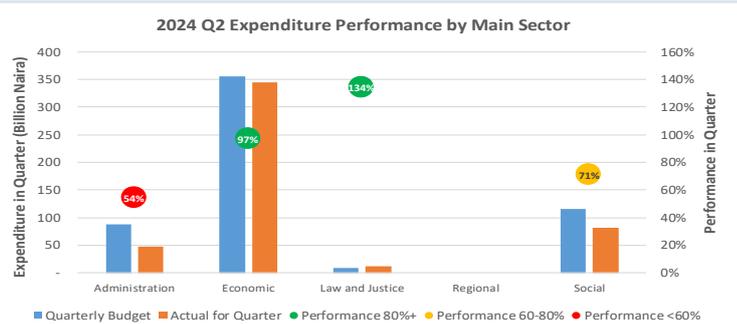

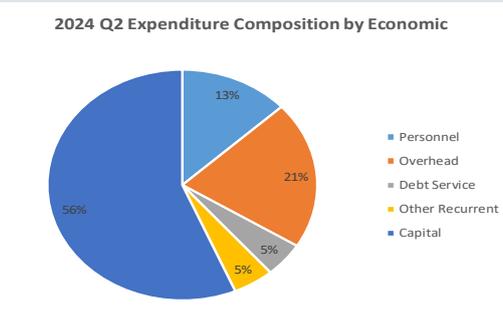

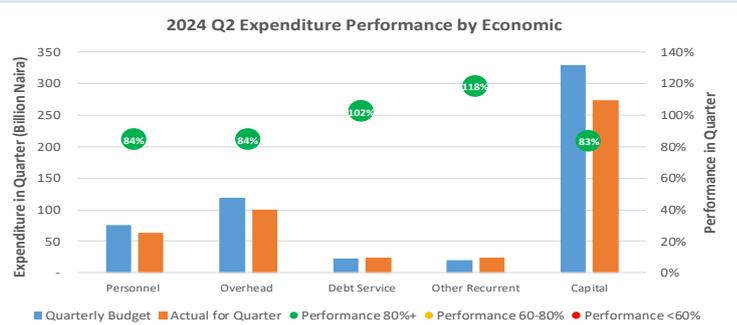

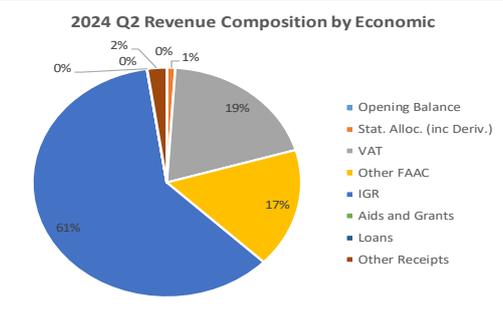

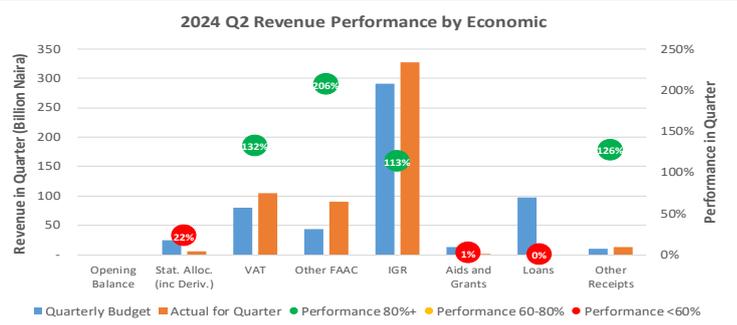

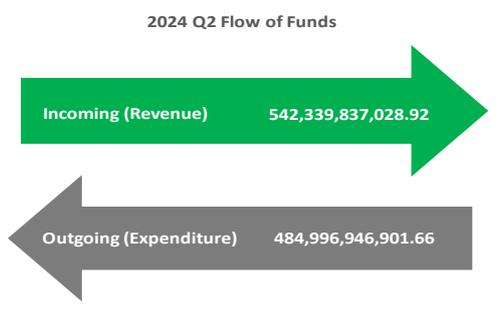

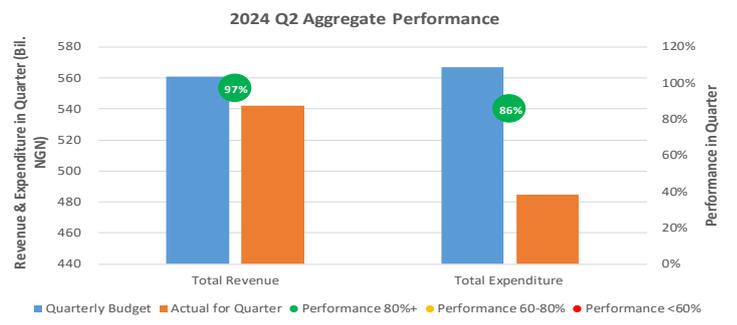

1.E Conclusions
