RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The financial statements of Ebonyi State Government of Nigeria for the year ended 31st December 2019, have been prepared by me in accordance with the International Public Sector Accounting Standards (IPSAS), (Fourth Time Adoption of Accrual Basis IPSAS) and the Guideline issued by the Federation Allocation Account Committee (FAAC) Sub-Committee on IPSAS implementation.

IPSAS 24 requires that an entity shall present a Comparison of Budget Amount for which it is held publicly accountable and Actual Amount either as a separate additional Financial Statement or as additional budget columns in the Financial Statements. Ebonyi State Government opted for the former.

IPSAS 33 requires that recognition and/or measurement of Assets/Liabilities can be recognized for reporting within 3 years following the date of adoption. Ebonyi State Government adopted Accrual Basis IPSAS in 1st January, 2016 and has recognized and/or measured all Assets/Liabilities in the 2018 Financial Statements.

ACCOUNTING AND REPORTING

All responsibilities bestowed on me as listed below have been fulfilled:

- a. Ensuring that adequate system of internal control is maintained to safeguard assets and provide reasonable assurance that the transactions as recorded are within statutory authority; and also, that the use of all public financial resources by the Government are properly recorded.
- b. Ensuring that proper books and records of accounts were kept to ensure that the Financial Statements reflect the financial position of Ebonyi State Government and its operations for the year ended 31st December, 2019.

In compliance with IPSAS 33, I have prepared the following financial statements as at 31st December 2019.

1. Consolidated Statement of Financial Performance
2. Consolidated Statement of Financial Position
3. Consolidated Statement of Cash flow
4. Consolidated Statement of Changes in Net Assets/Equity
5. Consolidated Statement of Comparison of Budget and Actual Amount
6. Consolidated Segment Reporting
7. Notes to the Consolidated Financial Statements

In my opinion, the consolidated financial statements and the Notes thereto reflect the financial position of Ebonyi State Government of Nigeria as at 31st December, 2019.

AUDIT CERTIFICATE

In compliance with section 125(2) of the Constitution of the Federal Republic of Nigeria 1999 (as amended), I have examined the books and records of accounts of Government of Ebonyi State of Nigeria from which the Financial Statements were prepared. The Financial Statements for the year ended 31st December, 2019 were prepared in compliance with IPSAS Accrual basis.

AUDITOR-GENERAL'S RESPONSIBILITY

My responsibility according to section 125(5) of the Constitution of the Federal Republic of Nigeria 1999 (as amended), is to express an opinion on this financial statement based on the audit conducted in accordance with IPSAS and National Auditing Guidelines.

I have obtained the information and explanations I required and certify as a result of my audit, that in my opinion the statement of financial position and the supporting account and statements show a true and fair view of the state of affairs at 31st December, 2019 and the transactions for the fiscal year ended on that date.

AUDITOR-GENERAL

STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

Following the adoption of the International Public Sector Accounting Standard (IPSAS) in Nigeria and National Chart of Accounts (NCOA, a standardized format of General Purpose Financial Statements (GPFS) have been designed and introduced for adoption by Ebonyi State Government. For effective and efficient use of the NCOA and GPFS, the accounting policies for IPSAS accrual basis accounting have been developed as a tool to direct the processes and procedures relating to financial reporting in Ebonyi State.

The General Purpose Financial Statements include:

- i. Consolidated Statement of Financial Performance
- ii. Consolidated Statement of Financial Position
- iii. Consolidated Statement of Net Assets/Equity
- iv. Consolidated Statement of Cash Flow
- v. Consolidated Statement of Budget Comparison and Actual
- vi. Consolidated Segment Reporting
- vii. Notes to the Consolidated Financial Statements.

1. **Basis of Preparation of Financial Statements:** The financial statements are prepared under the historical cost convention and in accordance with International Public Sector Accounting standards (IPSAS). Accrual basis concept is the basis of preparation of all accounts by all reporting entities in Ebonyi State.
2. **Accounting Period:** The accounting period (Fiscal Year) is from 1st January to 31st December. Each accounting year is divided into 12 calendar months and it is set up as such in the accounting system of the State.
3. **Reporting Currency:** The Reporting currency in preparation of General Purpose Financial Statements is Nigeria Naira.
4. **Consolidation of Financial Statements:** The consolidation of General Purpose Financial Statements is based on the financial transactions of all Ministries, Departments and Agencies (MDAs) of the State Government. Government

Business Entities (GBEs) are not included in the consolidations. Controlled Entities are fully consolidated from the date on which control is acquired.

- 5. Notes to the Financial Statements:** Notes to the Financial Statements are presented in a manner that they cross reference to any related information in the Financial Statements.
- 6. Comparative Information:** The General Purpose Financial Statements (GPFs) are designed to show all numerical information relating to previous year(s).
- 7. Budget Figures:** A Statement of Comparison of Budget and Actual Amount is prepared for the determination of items of revenue and expenditure in respect to budgetary provisions. IPSAS 24 requires that an entity to present a comparison of budget amount for which it is held publicly accountable and actual amount either as a separate additional Financial Statement or as additional budget columns in the financial statements. Ebonyi State Government opted for the former.
- 8. Revenues:** Ebonyi State recognizes revenues from non-exchange transactions such as fees, taxes and fines when the event occurs and the asset recognition criteria are met. Other non-exchange revenues are recognized when it is probable that the future economic benefits or service potential associated with the asset will flow to the entity and the fair value can be measured reliably. Revenue from the sales of goods and services is recognized when significant risks and rewards of ownership has been transferred to the buyer. Similarly, gain on disposal of Property, Plant and Equipment (PP&E) is recognized at the date control of the asset is passed to the buyer.
- 9. Aid and Grants:** Aid and Grants to Ebonyi State Government are recognized as incomes on entitlement, while Aid and Grants to other Government or Agencies are recognized as expenditure on commitment. Counterpart Contributions to World Bank funded Agencies are also recognized as expenditures.
- 10. Expenditures:** Expenditures are classified as either recurrent or capital. All recurrent expenditures are reported on an accrual basis (i.e. they are recognized in the period they are incurred or when the related services are enjoyed, irrespective of when the payment is made). Recurrent Expenditures are reported in the Statement of Financial Performance. Payments for purchase of items of Capital nature (PP&E) are treated as Assets under Non-Current Assets

in the Statement of Financial Position. At the end of the financial year, a schedule of PP&E is prepared as part of the Notes to GPFs.

11. Assets under Construction: are not depreciated until the constructions are completed. Under construction assets acquired within a year are included in the schedule of PP&E for that year.

12. Property, Plant and Equipment (PP&E): Property, Plant and Equipment (PP&E) include:

- i. Building
- ii. Infrastructure- Water
- iii. Infrastructure- Other
- iv. Plants & Machinery
- v. Furniture & Fittings
- vi. Motor Vehicles
- vii. Office and other equipment
- viii. IT equipment

Infrastructure - Water assets include Boreholes, Dams and water pipes while Infrastructure-Others assets include road networks, electrification and bridges.

13. Depreciation/Amortization: the following depreciation/amortization rates apply;

Building	3%
Infrastructure- Water	5%
Infrastructure- Other	5%
Plant & Machinery	15%
Furniture & Fittings	24%
Motor Vehicles	20%
Office & other Equipment	28%
IT Equipment	30%
Intangible Assets	20%
Biological Assets	20%
Under Constructions	0%

14. Capitalization: The capitalization threshold is One Hundred Thousand Naira (N100,000.00) and above. Only amount spent in connection with PP&E and Intangibles and whose values exceed One Hundred Thousand Naira (N100,000.00) is capitalized. Non-Current assets whose costs are below the capitalization threshold are charged appropriately to the Statement of Financial Performance.

15. Statement of Cash Flow: Statement of Cash Flow is prepared using the direct method. The cash flow consists:

- i. Operating activities
- ii. Investing activities
- iii. Financing activities

16. Cash and Cash Equivalent: Cash and Cash Equivalent are cash balance on hand, held in bank accounts, demand deposits and other highly liquid investments with an original maturity of 6 months or less in which Ebonyi State invests as part of its day-to-day cash management and which are readily convertible to known amount of cash and are subject to insignificant risk of changes in value. Cash and Cash Equivalent is reported under Current Asset in the Statement of Financial Position.

17. Receivables:

- a. Receivables from exchange transactions are recognized initially at fair value and subsequently measured at amortized cost less provision for impairment
- b. Receivables from non-exchange transactions are initially assessed at nominal amount or face value and subsequently adjusted for impairment.

18. Loans: Loans granted to other Government, agencies or individuals are shown separately in the Statement of Financial Position.

19. Investments: Investments made in government stock, quoted companies etc. are disclosed as Financial Assets in the Statement of Financial Position.

- 20. Transfer from Other Government Entities:** Transfer from other government entities are non-exchange items and are recognized as revenue in the Statement of Financial Performance.
- 21. Transfer to Other Government Entities:** Transfer to other government entities are non-exchange items and are recognized as expenses in the Statement of Financial Performance.
- 22. Borrowing Costs:** Borrowing Costs are capitalized against qualifying assets as part of PP&E. Such borrowing costs are capitalized over the period during which the asset is being acquired or constructed and borrowings have been incurred. Other borrowing costs not capitalized are charged to statement of Financial Performance.
- 23. Foreign Currency:** Foreign Currency transactions are translated into Naira, the reporting currency, using the spot rate as at last day of the financial year.
- 24. Contingency Fund:** Capital and recurrent expenditures that were not captured in the budget of MDAs are charged to contingency fund domiciled in the Office of the Accountant-General.
