## **PREFACE**

The 2019 third Quarter Budget Performance is one of the many reports prepared by the Ministry of Budget, Planning, Research and Monitoring. It is one of the efforts of the Ministry of Budget, Planning, Research and Monitoring to conform to section 30 and 50 of the Fiscal Responsibility Act 2007. Its key objective is to assess how fiscal policies and controls through budget implementation and how it impacted on development, during the period. It is also used to foster budget transparency, accountability and consistency with Nigerian commitments to the Open Government Partnership (OCP).

This Report presents details of Budget performance for the period under review. Specifically, the 2019 Budget has a size of N188,401 and a total sum of N146.846 representing 77.94% is dedicated to Capital Expenditure while the sum of N41.156 representing 21.84% is dedicated to Recurrent Expenditure.

The Execution of the Budget has however, continued to be constrained by low and unstable revenue inflow to the State Government. This has particularly continued to hinder execution of some capital projects as enlisted in the budget. Despite all these short falls in revenue, Government has continued to meet its non-discretionary expenditures as and when due. Efforts will also be geared towards more revenue drive in addition to closing all revenue leakages.

Finally, I commend the efforts of Ministry of Budget, Planning, Research and Monitoring for producing the report and Ministry of Finance in providing some of the data and wish them every success as they continue to perform this vital function.

**Mrs. Patricia Okiri**

Permanent Secretary

## EXECUTIVE SUMMARY

As part of our mandate to prepare quarterly budgets performance reports, the Ministry of Budget, Planning, Research and Monitoring do hereby present the 2019 third quarter budget performance; the 2019 Budget year took off on a very promising note bearing in mind that we have survived the recession period. And that the budget was passed into law early enough (January 2019) thereby giving the Ministries ample opportunity to start on a right standing to implement this year's budget. Despite the zeal exhibited by the administration to further grow the state resources through increased generation of IGR, the inflow from the Federation Allocation was not encouraging and the deduction of the bailout fund further depleted the allocation to the State, but despite these setbacks, the Ebonyi State Government has continued to pay salaries and meet up with sundry obligations due to prudent Management of her resources.

The 2019 Approved budget titled "Budget of Divine Fulfillment" was prepared against the background of key Macro-Economic Developments and Analysis which includes:

- i. Oil Production benchmarks
- ii. Exchange rate regimes
- iii. Real GDP growth and inflation rate, as well as expected revenue from State share of Federation Account Allocation FAAC.
- iv. Internally Generated Revenue (IGR) and
- v. Other Capital Receipts and Grants

A total Budget size of ₦188.401 was made; Capital has a total sum of ₦146.846 billion representing 77.94% while Recurrent has a total sum of ₦41.156 billion representing 21.84% of the budget.

In the third Quarter under review, the economic growth at the Macro level appreciated.

A review of the performance at the Micro or State level will indicate a mild growth because of the prudent management of resources available and increased Revenue drive. An over view of the Revenue performance of the 2019 Budget in the quarter will reveal that the performance was not totally bad.

The Statutory Allocation recorded ₦10,372,348,475.4 for the third quarter, whereas the total statutory Allocation expected at the third quarter was ₦13,888,179,874.4 other contributions to the statutory Allocations included, Value Added Tax (VAT) which yielded ₦2,714,788 third quarter, recording a slight decline to the one generated in the second quarter.

On IGR, the total sum of ₦1,716,554,238.72 was collected in the third quarter.

On the Expenditure side, the Government expended the total sum of ₦4,854,859,208.11 for Recurrent, this expenditure is made up of salaries, wages, overheads, imprests and other special releases.

On the capital expenditure side, the total sum of 8,540,428,932 was spent in the third quarter to implement our Capital projects; this represents a short fall of ₦28,170,988,568 or 76.74% of the approved fund for Capital Expenditure in the third quarter.

Overall, the Budget performance for the third quarter was not too bad when you consider the available resources within the reach of the State Government.
