1 Summary of Performance

1.A Introduction

The report presents an appraisal of the implementation of the 2023 Approved Budget at the end of the year, covering the twelve months of the fiscal year. It builds on the preceding reports to provide the full-year picture of the budget's performance. Essentially, the report presents the revenue and expenditure performance through variance analysis, examining the pattern, trends, and composition of both revenue and expenditure outturns vis-à-vis the approved estimates. As usual, the report looks at both the income and expenditure outturns relative to the approved estimates to make an informed assessment of performance. Apart from the comparison of actual income and expenditure against approved estimates, the report helps ensure budget implementation remains on track in subsequent quarters and ensures funds are expended following the appropriations. Based on the data available, as presented in the consolidated revenue and expenditure positions of the outturns across the various revenue and expenditure presented in the narrative report, the performance of the budget as of the end of December 2023, based on the original budget, was appraised to be satisfactory. Based on the original approved estimates, the aggregated income and expenditure outturns compared against the original approved estimates indicated a performance of about 82.8% and 64.7%, respectively, even though some agencies do not submit expenditures outturns of some respective Quarters.

As presented in the previous reports, the profile of the 2023 original budget remains the same, with the sum of N185.075 billion appropriated as the total original Budget size for the fiscal year, as provided under Law No. 06 of 2022. Subsequently, two supplementary Appropriation Laws were passed, appropriating an additional sum of N13.0 billion and N44.7 billion respectively. Primarily, the two supplementary budgets were made in anticipation of additional incomes not envisaged/reflected in the original budget which will accelerate the execution of planned projects and programs and ensure that most, if not all, of the ongoing projects are completed before the end of the year 2023.

In the process of executing the 2023 Budget, some adjustments have been made through virements and contingency transfers to provide additional funding for some budget lines where the scope of expenditure is required so and to avoid extra-budgetary expenditure. Transfers and virements have been made to affect the adjustment, bringing differences in the expenditure segments (Personnel, Overhead/Other current, and Capital) from the original estimates to the Final Estimates of N242.77 billion (Personnel N59.08 billion, Overhead N40.35 billion and Capital N143.34), as presented in each table of the report.

This Budget Performance Report is prepared quarterly and issued within 4 weeks at the end of each quarter.

As stated earlier, the report includes the original approved budget and revised/final budget appropriation for the year 2023 against each organizational unit for each of the core economic classifications of revenues (Recurrent Revenues and Capital Receipts) and expenditures (Personnel, Overheads, Capital, and Others). The report is assessed against the 2023 revised/final budget.

The core economic classifications refer to:

- Personnel – Economic Sub-Account Type 21
- Overheads - Economic Account Class 2202
- Capital - Economic Sub-Account Type 23
- Others - Economic Account Classes 2203-2209 as applicable

This Budget Performance Report for Jigawa State is prepared quarterly and issued within 4 weeks at the end of each quarter, produced by the Ministry of Budget and Economic Planning based on

budget outturns gathered from various sources especially the Ministry of Finance/ Office of the Accountant General of the State, Directorate of Salary & Pensions Administrative, Parastatals and State MDAs. In addition to this, the report has also been published on the Ministry of Budget and Economic Planning website and the State’s website including www.jigawastate.gov.ng. and www.jsbepd.org.

The wrong posting of recurrent expenditure in some economic lines of recurrent cost in previous quarters (Q1-Q3) was identified, reviewed, and corrected. Those areas that were affected are shown in the table below:

Admin Code	Economic Code	Function Code	2023 Original Budget	2023 Revised Budget	2023 Q1 Actuals	2023 Q1 Actuals (Correct Data)	2023 Q3 Actuals	2023 Q3 Actuals (Correct Data)	Admin	Economic

Over Expenditures:

Additionally, there was overspending in some budgetary provisions reported in specific budget lines for overhead costs. This overspending resulted from urgent expenditures in the affected budget lines. Unfortunately, virements to address these overruns could not be made before the end of the quarter report. It is anticipated that these overspending issues will be resolved before the issuance of the state Audited Financial Report, subject to approval by the State House of Assembly. These overspent are largely due to under-provision coupled with the importance of incurring the expenditure. Below are the affected lines and MDAs.

S/N	Economic line	MDAs Affected	Sources
1	22020405 (Maintenance of Plants / Generators)	025200100100 (Min. of Water Resources)	Continuous increase in the price of diesel
2	22040113 (Assistance and Donations)	016100100100 (Office of the SSG)	Medical Support and donations to Organizations
3	22060301 (FOREIGN PRINCIPAL - SHORT TERM BORROWINGS)	022000200100 (Debt Management Unit, MoF)	Deduction at Source

1.B Revenue Performance

The overall Revenue appraisal indicated a good performance. Total accrued revenue as of the fourth quarter (Q4) (including Opening Balance) was about N201.026 billion (FAAC N99.69 billion, IGR N17.48 billion and Capital Receipt N57.75 billion). This is equivalent to about 109% of the originally approved total revenue and 82.8% of the total final appropriated income.

1.C Recurrent Expenditure Performance

The details of expenditure performance are presented in the relevant tables below in the appendixes. From the appropriated recurrent expenditure of about N99.434 billion including the additional supplementary budget I & II, the sum of almost N83.144 billion is reported as the total recurrent expenditure outturn as of the fourth quarter of 2023 from the available data. The percentage performance of the recurrent expenditure outturns is about 92% of the originally approved recurrent expenditure and 83.6% of the total final appropriated recurrent expenditure which could be

adjudged as a good performance, the personnel costs performed at 83.1% and the overhead/other recurrent expenditure had a good performance of 78.4%.

1.D Capital Expenditure Performance

As of the end of the fourth quarter of 2023, the total capital expenditure appropriated, including the additional appropriation of N13.0 billion and N33.926 billion in the supplementary budget I & II respectively, was N143.34 billion. The expenditure performance for the capital amounts to about N73.890 billion, which is equivalent to almost 78% of the originally approved capital expenditure of N94.77 and 51.5% of the total appropriated revised capital expenditure of N143.34 billion. This level of expenditure is considered satisfactory, given the outstanding submission of expenditure reports from some agencies. Detailed information is provided in the appendices.

1.E Conclusions

In conclusion, the overall full-year Budget Implementation Report indicates good performance in most revenue and expenditure areas. However, it was observed that there was overspending in some economic line items of certain MDAs resulting from the inability to implement virements due to time constraints. However, efforts have been made in the 2024 appropriation to reduce and if possible, eliminate the occurrence of overspending by MDAs and on economic line items. Despite the incorrect entries of Overhead Expenditure for a few agencies, which have been identified and corrected accordingly, the overall performance of Personnel, Overhead/Other Recurrent, and Capital expenditures is very good. Finally, as a caveat, it should be noted that only the Financial Statements and Audited Accounts will provide a more comprehensive and validated figure for the Actual Expenditure Report.
