1 Summary of Performance

1.A Introduction

This is a progress Budget Performance Report of Kwara State, prepared quarterly to examine the level of success attained in the implementation of 2023 Approved Budget. It is issued within four weeks from the end of each quarter.

This report includes the original approved budget appropriation for the year 2023 against each organizational unit for each of the core economic classification of expenditures (Personnel, Overheads, Capital, and Others); the actual expenditures for the quarter Q2, attributed to each organizational unit, as well as the cumulative expenditures for year to date, and balances against each of the revenue and expenditure appropriations.

The core economic classifications refer to:

- Personnel – Economic Sub-Account Type 21
- Overheads - Economic Account Class 2202
- Capital - Economic Sub-Account Type 23
- Others - Economic Account Classes 2203-2209 as applicable

This Budget Performance Report is produced by the Ministry of Planning and Economic Development and published on the Kwara State website.

1.B Revenue Performance

The total actual revenue for the second quarter of year 2023 was ₦36,012,722,152 which shows 2.3% decrease as against ₦36,876,851,252 that was received in the previous quarter. Note that the total revenue received in both second quarter and previous quarter did not include the opening balance. The audited figure of the opening balance as reported in the closing balance of 2022 Accountant General's financial report was ₦19,703,007,934 as shown in the actual performance year to date in the summary page of the report. The sum of ₦92,592,581,337 was aggregate revenue inflow year to date including the audited opening balance. In the second quarter, a sum of ₦20,340,893,938 was state share of Federal Allocation representing 113% performance against the quarterly estimates of ₦18,017,760,043 and 28.2% performance against the expected total revenue of ₦72,071,040,170. It shows 16.5% increase performance compared to the previous quarter. The over performance in FAAC was due to the revenue from electronic money transfer which will be considered and recaptured in the 2023 Supplementary Budget. One of the increases in the performance was also as a result of payment of SURE-P refund for the settlement of outstanding pensions and gratuities (debt) inherited from the past administration which was included in Other Sundry Revenue from FAAC while the aggregate Federal Allocation year to date was ₦37,805,022,545. The Internally Generated Revenue (IGR) in the second quarter was ₦8,714,681,873 accounting for 84.9% performance in pro-rata basis (₦10,260,217,557) and 21.2% from the expected total revenue of ₦41,040,870,229 while the aggregate IGR year to date was ₦27,195,143,387. The State Internally Generated Revenue (IGR) witnessed a decrease in revenue generation in the second quarter compared to the previous quarter. This was due to the fact that a substantial amount of money was generated in the first quarter, which was one off. Also, the reason for decrease in IGR was hike in the price of Premium Motor Spirit caused by subsidy removal, and to minimize hardship imposed on people the Kwara State Internal Revenue Service (KWIRS) reduced law enforcement on tax collection most especially on private sectors pending the implementation of Federal Government's palliative measure (Infrastructure Support Fund) to cushioning the effect of subsidy removal. In view of this, there is hope for improvement in IGR in the subsequent quarter. The over performance in stamp duties was

due to the revenue from electronic money transfer in the state which will be considered and recaptured in the 2023 supplementary budget.

In the second quarter of 2023, out of the quarterly estimate of ₦11,433,423,291 as capital receipt from various sources (excluding transfer from recurrent revenue budget surplus), a total sum of ₦6,957,146,341 was the capital receipt for the period under Review representing 60.8% performance from the quarterly estimates and 15.2% from the total capital receipt of ₦45,733,693,162, while the aggregate capital receipt year to date was ₦7,889,407,472. Out of the total amount of ₦6,957,146,341 received in the second quarter, Kwara State Polytechnic received a sum of ₦21,386,500 (0.31%) from Federal Government for TET Fund Programme, while a total sum of ₦6,924,967,788 (99.53%) was capital receipts in kind (vaccines/commodities) from domestic aid & grants and development partners such as National Programme on Immunization (NPI), World Bank Loan on Immunization Plus and Malaria Progress by Accelerating Coverage and Transforming Services (IMPACT) by Ministry of Health. It was distributed among the sixteen (16) Local Government in the state, World Bank Supported Nigeria COVID-19 Action Recovery And Economic Stimulus (NG-CARES) Program, World Bank Loan on Accelerating Nutrition Results in Nigeria Projects (ANRIN) (World Bank IDA-Loan) Food and Nutrition. A total sum of ₦10,792,053 (0.16%) was Recoveries from Forensic Audit, Excess Bank Charges, Economic and Financial Crime Commission (EFCC). A total sum of ₦1,566,029,408 was revenue transfer from recurrent revenue budget surplus to finance capital projects which represent 12.8% performance against the quarterly estimate of ₦12,280,525,834 while a sum of ₦36,157,003,509 was budget surplus performance year to date.

It is observed from the above analysis that there was 336% performance in the capital receipt in the second quarter against ₦932,261,131 that was received in the previous quarter. The achievement was as a result of prompt payment of counterpart fund by the present administration. The reason for 0% performance in Foreign Aid was that the state government was yet to receive grant from World Bank Support for Neglected Tropical Diseases but hope there will be improvement in the performance in the subsequent quarter. Also, there is hope that there will be improvement in the performance from Domestic Grants, Domestic Loan and international Borrowing Receipts in the subsequent quarter.

1.C Recurrent Expenditure Performance

The total recurrent expenditure for the second quarter was ₦27,489,546,403 representing 117% performance from the expected quarterly estimates of ₦23,497,451,766 and 29.2% performance against the expected Original Budget expenditure of ₦93,989,807,065. A total sum of ₦10,809,788,773 was expended on Personnel Cost which shows 106.7% performance against the quarterly estimate of ₦10,134,160,221 and 26.7% against the expected Original Budget of ₦40,536,640,884. It shows 6.1% increase compared to that of the previous quarter. The increase was as a result of payment of pension inherited from past administration. 1% contribution to National Health Insurance Scheme (NHIS) is yet to be implemented. The Overhead Cost in the second quarter was ₦16,679,757,629 which shows 124.8% performance against the quarterly estimate of ₦13,363,291,545 and 31.2% against the expected Original Budget of ₦53,453,166,181. The reason for surpassing quarterly performance and the overhead cost in the previous quarter was because of increase in inflation rate in the country caused by removal of oil subsidy thereby increase the cost of running the ministry in the state. The budget of Public Debt Charges will be recaptured in the 2023 supplementary budget to cover the unexpected increase in the performance as at the end of June 2023. The principal and interest rate under debt charges were aggregated due to unavailability of the amortisation schedule.

1.D Capital Expenditure Performance

The total capital expenditure in the second quarter was ₦16,582,193,416 which fell below the projection of ₦23,713,949,124 for the quarter. This represents 69.9% performance of the expected quarterly estimates and 17.5% performance against the expected Original Budget of ₦94,855,796,496. Meanwhile, the total actual capital expenditure performance from January to June 2023 was ₦29,228,386,404 (30.8%). The improvement in the Budget performance in the second quarter was due to the implementation of many programmes/projects by the government with the aim of boosting economic activities in the state. These projects include Kwara Social Investment Programme and activities from the KWASSIP Office, Livestock Development SAPZ. Ranching Project at Malete, Construction of Roads, Construction of International

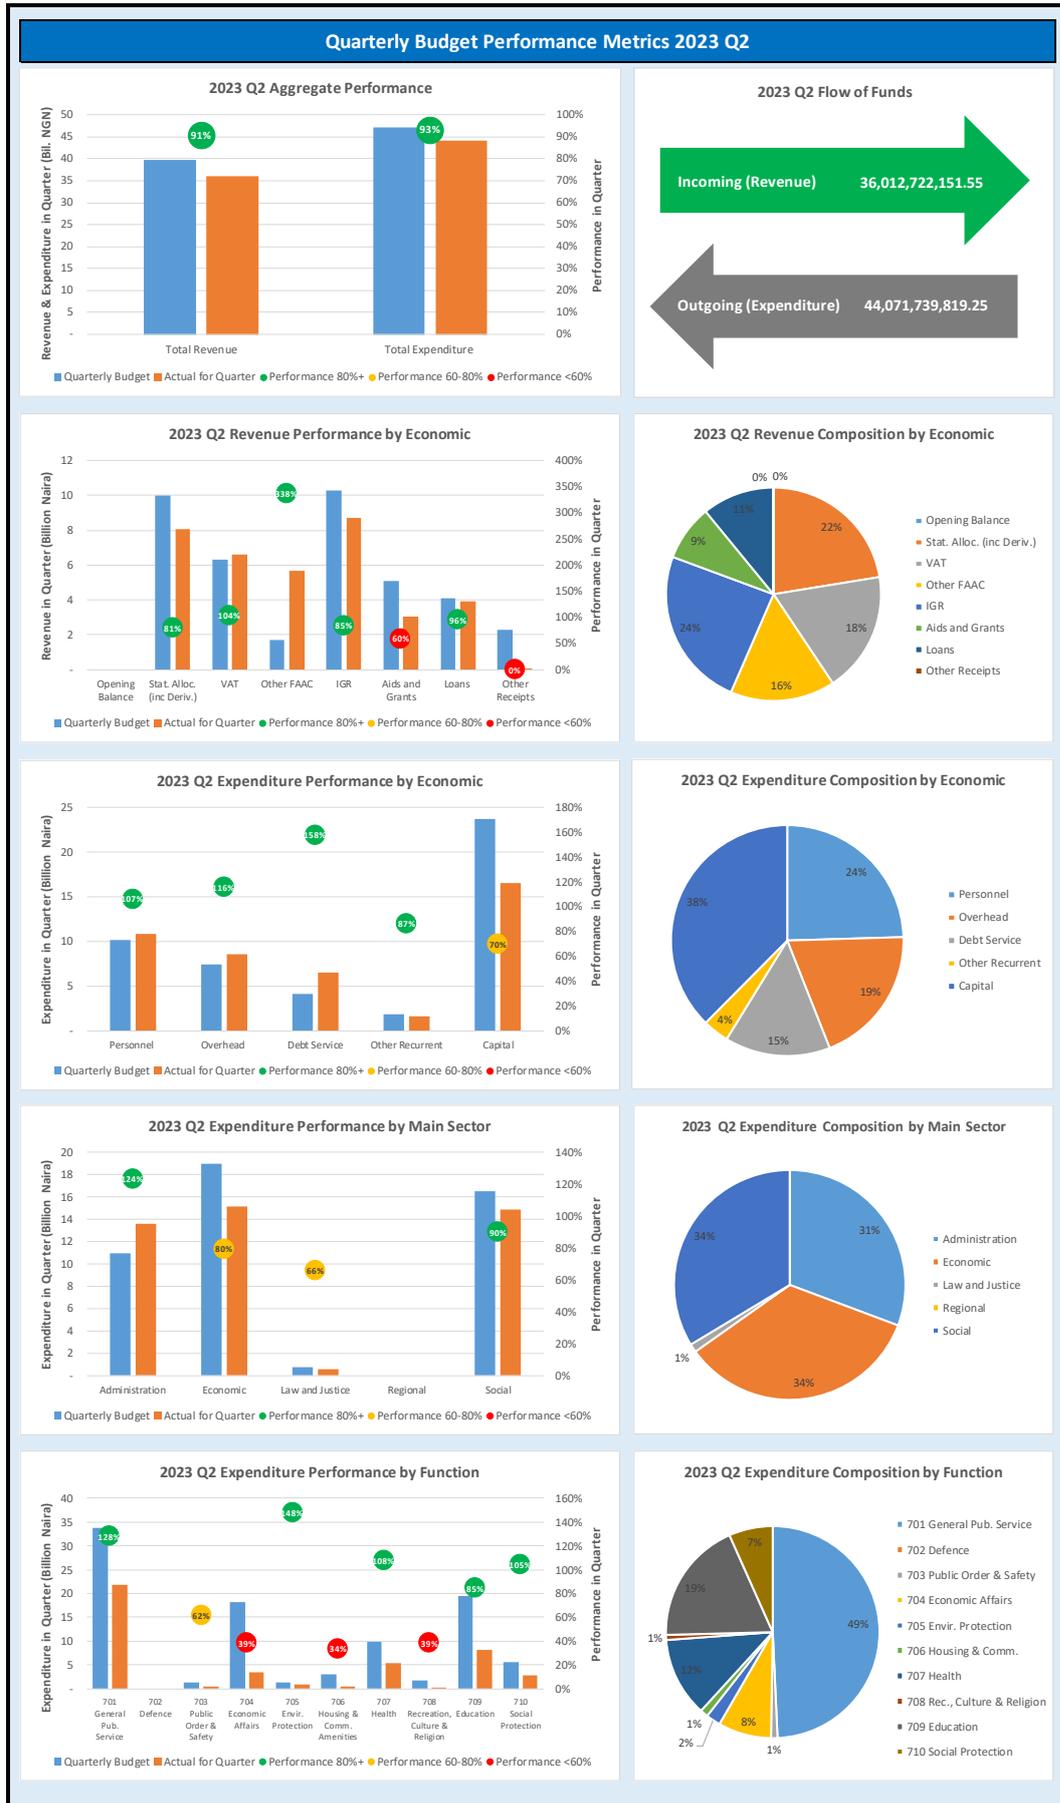

Conference Hall, etc. Also, capital receipt from domestic aid & grants and development partners were some of the contributing factors that boosted the performance of capital expenditure in the second quarter. However, the line item “Grant to KFA on Solidarity Compensation. Donor Assisted” a one-off activity under Kwara State Sports Commission in the capital expenditure, has been exhausted and overspent as at the end of June 2023. This was as a result of under-budgeting in 2023 approved budget and will be corrected and recaptured in the 2023 supplementary budget. The over performance in Development Project on Pilgrimages is a one-off activity which has been adequately taken care of in the supplementary budget.

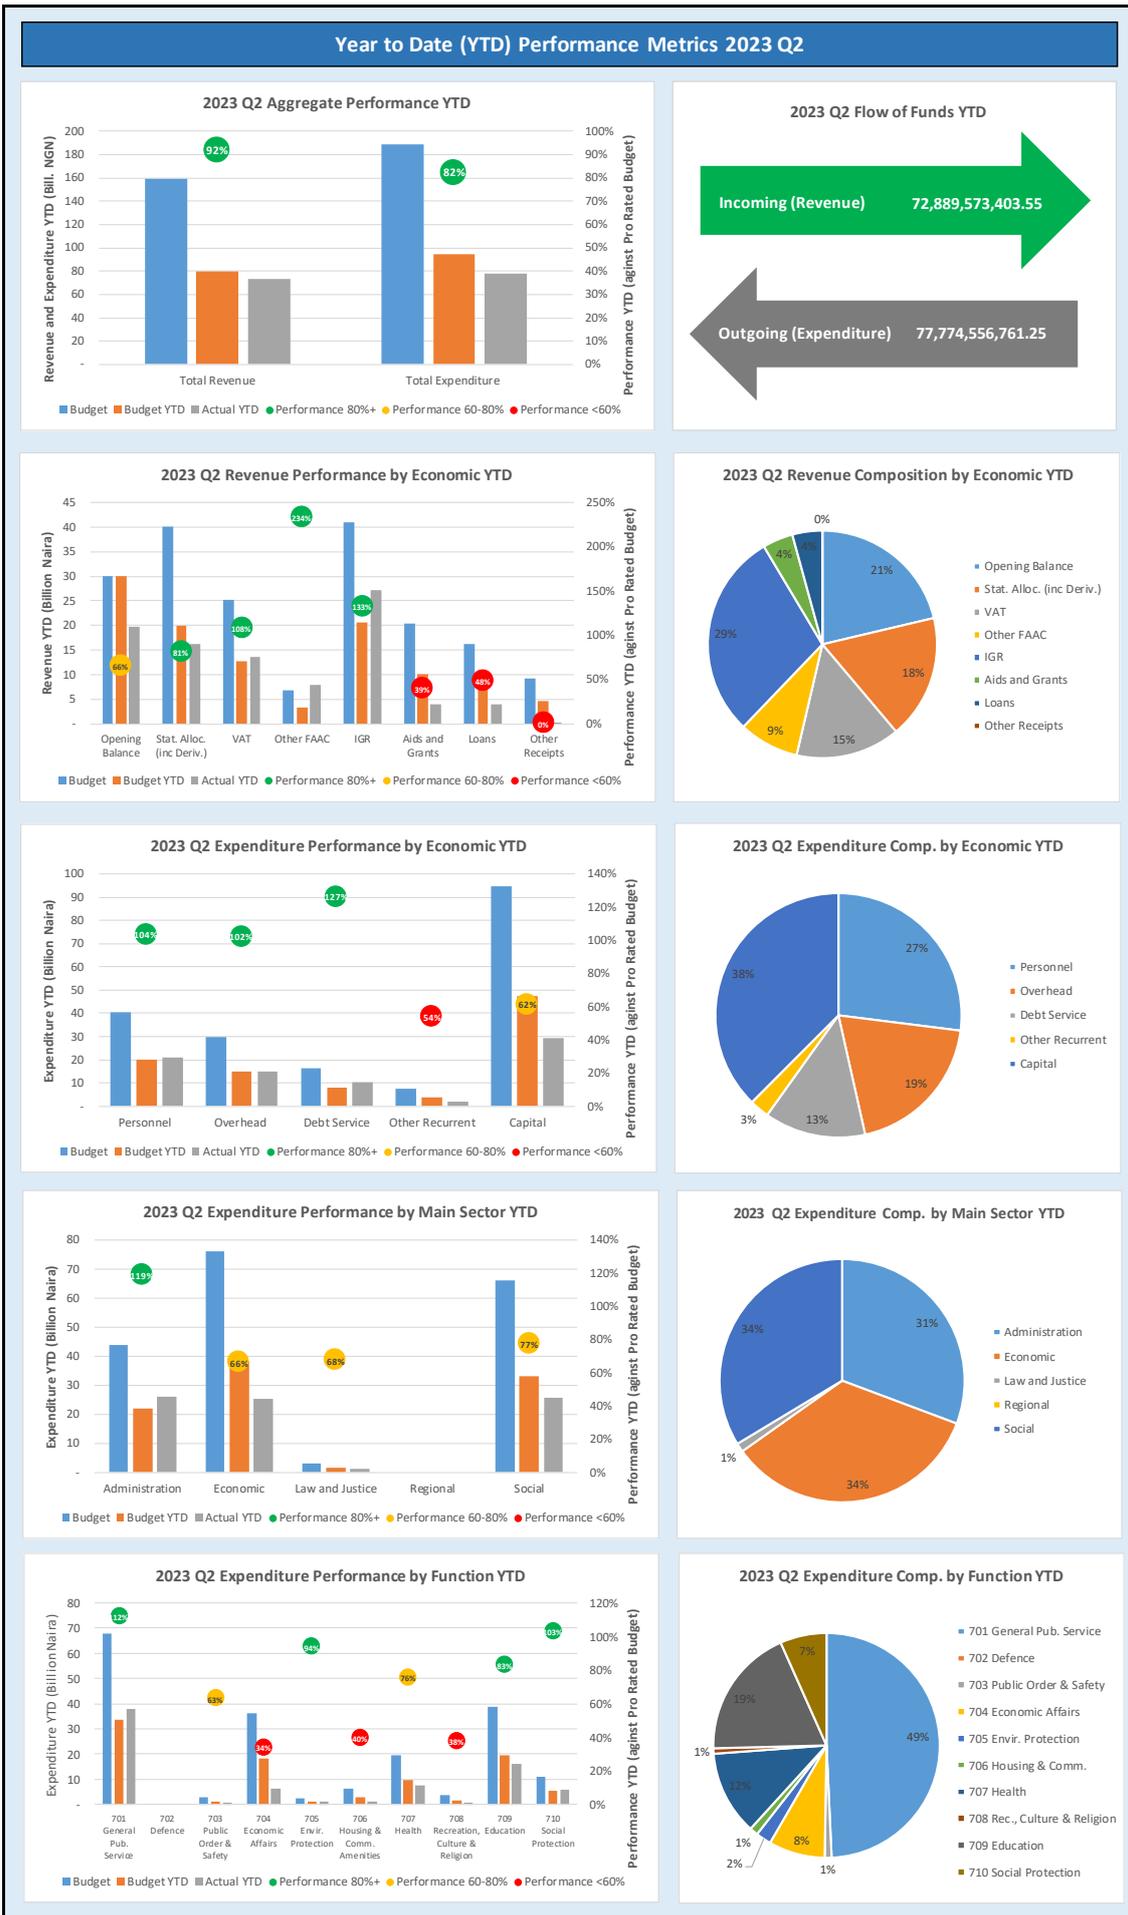

The above analysis shows that there was improvement in the expenditure on capital projects in the second quarter compared to the capital expenditure in the previous quarter. A total sum of ₦16,582,193,416 was expended on capital projects in the second quarter which shows 31.1% increase in performance against ₦12,646,192,988 that was spent on capital projects in the previous quarter of 2023. The improvement in the performance was due to the present administration’s fulfilment of counterpart’s fund foreign donor requirement most especially on the health sector.

1.E Conclusions

In conclusion, out of the total revenue of ₦36,012,722,152 received in the second quarter including capital receipt, a total sum of ₦27,489,546,403 was expended on recurrent expenditure while a sum of ₦16,582,193,416 was spent on capital projects.
