1 Summary of Performance

1.A Introduction

This Budget Performance Report for Ondo State is prepared quarterly, and issued within 4 weeks from the end of each quarter.

This report includes, the original approved budget for the year 2022 and Revised budget for the year 2022 against each organizational unit for each of the core economic classification of expenditures (Personnel, Overheads, Capital, and Others); the actual expenditures for the quarter four (Q4), attributed to each organizational unit, as well as the cumulative expenditures for year to date, and balances against each of the revenue and expenditure appropriations.

This Q4 report is assessed against the 2022 Revised Budget.

The core economic classifications refer to:

- Personnel – Economic Sub-Account Type 21
- Overheads - Economic Account Class 2202
- Capital - Economic Sub-Account Type 32
- Others - Economic Account Classes 2203-2209 as applicable

This Budget Performance Report is produced by the Ministry of Economic Planning and Budget, Ondo State and published on the Ondo State Budget website.

1.B Revenue Performance

From Table 1

- a. Government Share of FAAC: The 133% performance in total FAAC allocation is 33% above full-year expectation. This is occasioned by:
 - i. More than 100% receipt as share of VAT allocation in Q1 – Q4. This shows that the budget figure was under-estimated. The underestimation was so, as during the 2022 Budget preparation, there was the judgement of the High Court in Port-Harcourt in favour of Rivers State that it was unconstitutional for FIRS to collect VAT and Personal Income Tax in Rivers State on behalf of the State. With this judgement in place, Ondo State was sceptical as to the implication of implementing of the judgement and application of same in all States. Hence, the sum of ₦12.120 billion was budgeted.
 - ii. Shares from Exchange Gain and FAAC Special Allocation to the tune of ₦88,560,555.17 and ₦4,355,002,517.87 respectively were received during the period, but were not budgeted for.
- b. Independent Revenue (IR): The performance of IR during this period under review was 86.8%, which is 13.24% less than expectation. From the table, Tax Revenue and Non-Tax Revenue performed above 60%. Notwithstanding, there were some like Forestry/Timber License, Signwriter annual Permit, etc not budgeted for, but with some amount generated from them.

Capital Receipts:

- i. Grants: The State was able to garner the total sum of ₦5.752 billion from grants in the period. Domestic Grants contributed the sum of ₦5.663 billion representing 59% of the total budget figure. Of this figure, the State raked in the paltry sum of ₦0.089 billion from foreign grant representing 33% of the total budget.
- ii. Loan: From this vote, the sum of ₦3.017 billion was received as loan from both domestic and international sources, which represents 6.4% of the budget figure.

1.C Recurrent and Capital Expenditure Performance

The Recurrent Expenditure includes Personnel and Overhead Expenditure.

- a. Personnel Expenditure: The performance year to date of Personnel Expenditure is ₦43.017 billion, representing 95% of the budget figure.
- b. Overheads: This expenditure is meant for the running of MDAs and is released monthly. Of the ₦22.000 Revised budget the year 2022, ₦16.567 billion, representing 75.7% has been released to MDAs as at Q4 of 2022.
- c. Capital Expenditure Performance: The Performance to date of the capital expenditure is ₦45.856 billion. Representing 30% of the total budget for the year.

1.D Conclusions

The figures provided below show that the performance year to date (Q1 to Q4) of above 75% was very good as far as recurrent revenue and Expenditure is concerned, However, the twenty-five (25%) percent Budget variance still fall below the fifteen (15%) percent budget implementation variance recommended under the State Fiscal Transparency Accountability and Sustainability (SFTAS) programme for Result (PfR) grant. Therefore, more efforts should be taken to significantly improve budget performance in the 2023 fiscal year, in order to reduce budget variance to less than fifteen percent.
