# 1 Summary of Performance

## 1.A Introduction

This Budget Performance Report for Taraba State is prepared quarterly and issued within 4 weeks from the end of each quarter.

This report includes the original approved budget appropriation for the year 2023 against each organizational unit for each of the core economic classification of expenditures (Personnel, Overheads, Capital, and Others); the actual expenditures for the quarter Q3, attributed to each organizational unit, as well as the cumulative expenditures for year to date, and balances against each of the revenue and expenditure appropriations.

This Q3 report is assessed against the 2023 Original

The core economic classifications refer to:

- Personnel – Economic Sub-Account Type 21
- Overheads - Economic Account Class 2202
- Capital - Economic Sub-Account Type 23
- Others - Economic Account Classes 2203-2209 as applicable

This Budget Performance Report is produced by the Ministry of Finance, Budget & Economic Planning and published on the Taraba State website.

## 1.B Revenue Performance

The bulk of the revenue expected for the quarter was from government share of Federation Account Allocation Committee (FAAC). It was expected that this source would bring in the sum of N73,371,257,304.00 for the Third Quarter of the Year but data available shows that the sum of N19,885,438,725.84 was received from Government Share of FAAC (Statutory Allocation) in quarter two (Q3) leaving a balance of N20,284,935,399.13.

The Independent Revenue (IGR) estimated target was N19,388,694,342.40 but N2,992,433,625.02 was collected representing a fair performance as at third quarter of FY 2023.

In addition, revenue from other receipts (Capital Development Receipts, Aids and Grants) that has flown into the state as at third quarter was N588,305,045.02 and as against Full Year budgeted figure of N79,874,585,813.00 and reflecting 2.3% as performance to date.

### **1.C Recurrent Expenditure Performance**

In recent years the state is keen on subjecting the recurrent expenditure to realistic projections to free more of its resources for capital development. A split of 60% for capital expenditure and 40% for recurrent expenditure was therefore projected in order to achieve the fiscal target of the state.

In the light of the above, the recurrent expenditure items approved figure was N74,556,829,088.15 with a performance of N15,867,075,863.68 representing 55.5% leaving a budget balance of N33,211,118,252.55. In addition, some of the expenditure line items (head and sub-head) has over performed or overspent, these will be carefully handled during the year budget amendments in order to ensure discipline in the implementation period under review.

### **1.D Capital Expenditure Performance**

The capital expenditure is a pool of funds used for capital development. In view of its importance in the budget, it was allocated the sum of N98,677,708,371.25 which represents about 56.96% of the total budget size. However, actual capital expenditure performance stood at N7,588,303,111.11 performance as at the period under review (Q3) or 7.7%. This is not a fair performance when compared with previous years' budget performances.

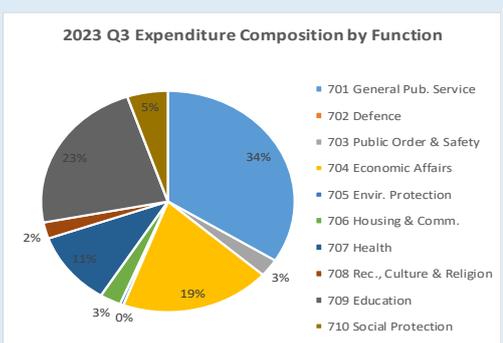

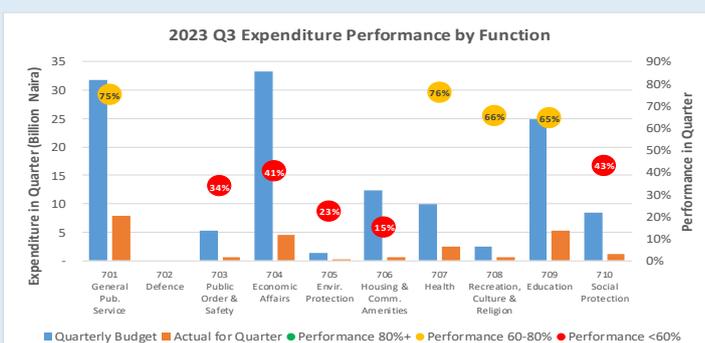

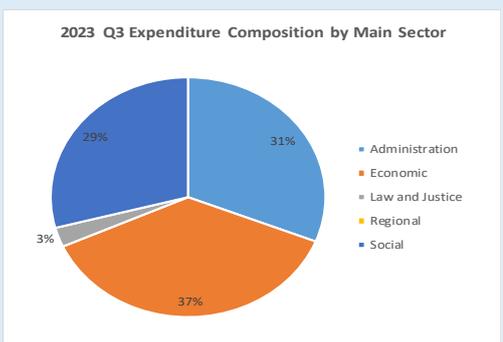

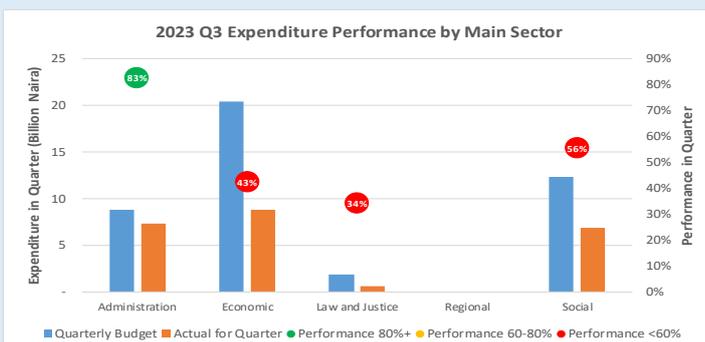

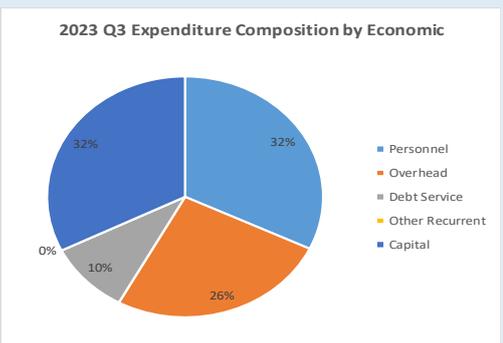

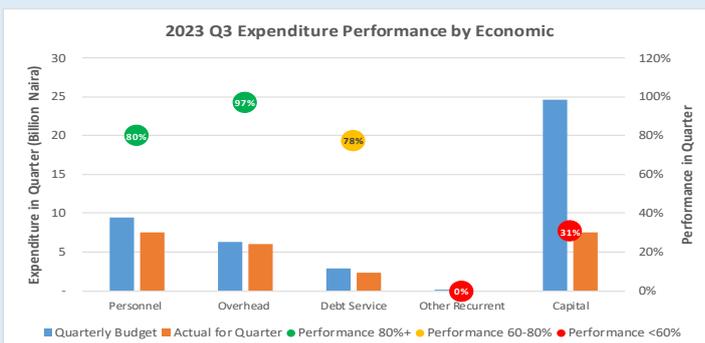

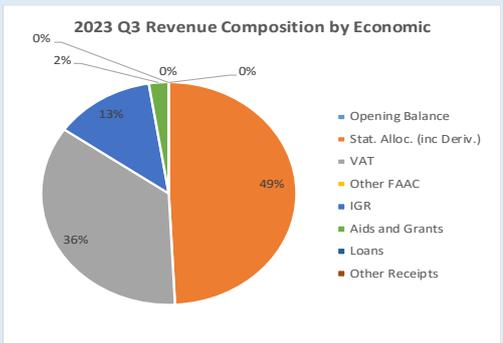

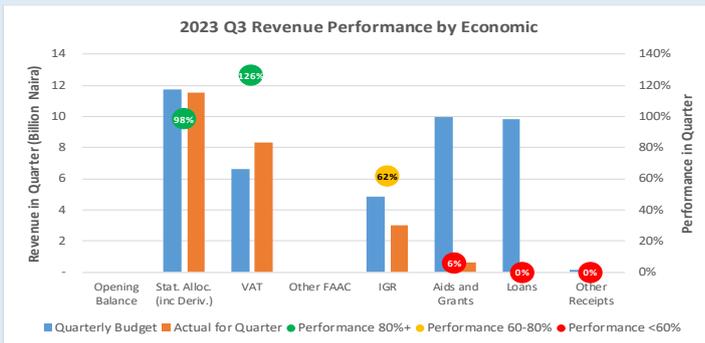

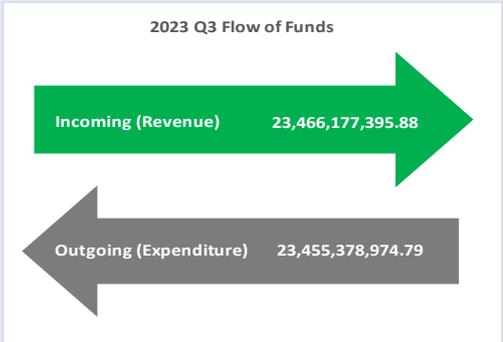

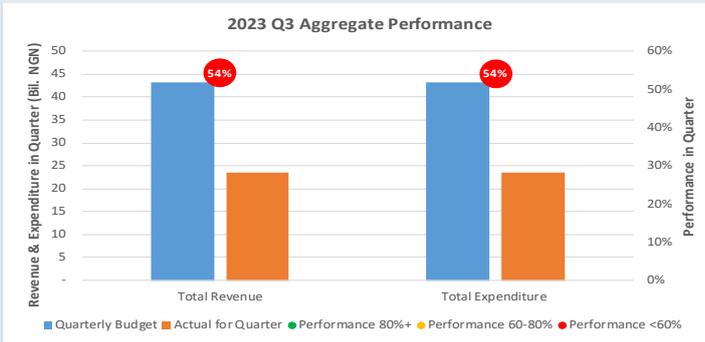

### **1.E Conclusions**

The 2023 budget aimed at restoring and stabilizing the state economy driven by the government's giant strides on the principle of transparency, accountability and citizen's participation in governance. It also aimed at making Taraba the leading economy in the North East sub-region by 2025.

Notwithstanding, the review of the 2023 Year – To – Date performance during the third quarter especially from the capital expenditure, shows a poor performance, though there is still room for improvement in the future. The state is making efforts to focus more on implementing capital projects and curtail recurrent expenditure to a minimal level for this will help the state to achieve its developmental targets. MDAs with overspending will be handled during Budget amendments before the next quarter this is to ensure discipline in the implementation period under review. The opening balance within the quarters is flexible to change in the fiscal year.

Below are details of the Third Quarter Budget Performance Report in tabular format for easy analysis.
